Her husband and a daughter, Miss Edith Lane survive.

BIRTHDAY SURPRISE

That gang of Robinson cousins and their families were out on another of their rampages Tuesday evening, Nov. 6; this time they swooped down on the home of Mr. and Mrs. C. A. Robinson and helped "Charlie" celebrate his birthday. As usual they brot the "eats" with them, and the very sumptuous supper was much enjoyed by all.

Special mention should be made of the ice cream and apple pie, oh my, and the birthday cake was a beauty to look at, and tasted fully as well as it looked.

HOME BUREAU NOTICE

On Wednesday afternoon November 14th, Miss Mildred Gardner will give the second lecture for the clothing project. The subject will be "How to Select Ready Made Clothing." It will be given upstairs in the library building in Belmont. All members are invited.

Old Style Appliances Waste Gas

If you have an old style asbestos gas grate throw it out and get a Guardian. It will give you many times the heat, look handsomer, radiate a cheerful fire-like glow and cost you less for gas. It multiplies the heating power of the fuel.

Here is the most modern and up-to-date scientific gas heating appliance. It can be easily set into the fireplace, costs little to connect up and can be run for only a few cents a day.

Guardian dealers are also showing the AIR CIRCULATING type Guardian which fits right into the fireplace and closes it up. This cleverly designed heater actually gives three times the volume of heat that any other type heater can give, regardless of make and doesn't cost you a cent more per hour or per day for gas. It will heat three rooms comfortably. Ask to see it.
