RICHBURG DEFEATS ANDOVER TEAM 24-27

Two Fast Teams Struggle in Hotly Contested Game on Local Court.

A fast game of basket ball was enjoyed by a crowd of fans on the local court last Tuesday evening. The teams were very evenly matched, which made it very exciting for the fans throughout the entire four periods. The Richburg team were aces in basket shooting, while Andover showed superior floor work. The Richburg team is rated as one of the best in this section and will probably be seen in action again later in the season on the local court. Next Thursday night the Portville Semi-Pros. will make their first appearance here on the Andover court. Although the guarantee given to this team was high, we feel that the fans will appreciate seeing such a team as Portville, who are champs of Western New York State.

Our holiday game is bound to be a good one, so come and bring your friends.

ERMA LOUGHLIN SMITH

Erma Loughlin Smith, who died at the Mountain Clinic, in Olean, N. Y., on December 7, 1923, was well known in Andover, and her untimely death is deeply mourned by a host of friends, not only here but in many other circles, where she had moved. She was a young woman of unusual personality and had the rare gift of winning friends among all classes of people, wherever she went.

From her early childhood, Mrs. Smith had lived conscientiously and her sweet humility and rare thoughtfulness for others made her a blessing in the home, in her school and college life, and in the work which she did after her graduation from college and before her marriage. Her quiet cheerful way of doing things for others and her absolute freedom from any condescending spirit made her social service work of double value in the personal interest and influence which she put into it.

To her married life she brought the same spirit of comradeship and the few brief years in which she and her husband lived together were years of mutual joy and growth.

Books meant much to her and she chose well her reading courses, reading thoughtfully and taking into her character and soul fiber all that was best in what she read. Her life was a well balanced life, a growing life, from the very beginning.

The dawn of a sacred duty came to her, even at the age when it came to the boy Jesus, and at twelve years of age she was a true Christian, interpreting the message of Jesus, as related to her own thoughts and deeds, and living conscientiously. As she matured and her mind broadened, her vision of life enlarged and she thought things theological, but always with the poise and of that and the simple faith, which kept the balance between her mind and her heart and saved her from extremes. Heart and head were always in their proper relation in her scheme of life and loyalty never made her narrow or dogmatic.

To all of life's responsibilities she was true and to all she gave her unselfish devotion, together with the unassuming charms of a personality which was rare and sweet and lovable. To have her for a friend was a blessing and to have her in the more intimate and tender relations of the home was one of God's great gifts. Although she had lived but thirty years, her life was full, and her life reminds us that there are other and more important factors in life's equation than mere chronology that we live in deeds, not years, in thought not in figures on a dial; He lives most who think most, feels noblest, acts the best!

Mrs. Smith is survived by her husband, Mr. A. G. Smith of Hornell, her father and mother, Dr. and Mrs. E. J. Loughlin of this village, one sister, Mrs. Ernest Buttinger of Hornell, and an aunt, Mrs. Ella Bundy of this village.

Everyone seems to have a wonderful cold this week. Please call and get one—we have an extra supply.

Some of the report cards this week looked as tho we need school more than a vacation.

A new slogan—Once on the detention list, always on the detention list.

Everyone enjoyed Mr. Palmer's talk, "Being a Good Sport," Tuesday noon.

Some of the teachers seem to have adopted this slogan: "They shall not pass."

Please write, Meta.

It's funny that Gertrude wears two rings for the same class.

The front seat is getting quite popular, isn't it Lenford?

Andover High School basketball team lost a league game to Wellsville High School. The usual line up with the exception of Alford in Harder's place, started the game. The pace was too fast for Kenny and he gave way to Harder. The first quarter ended 1-0 Andover Wellsville displayed some of the fastest cutting during the second quarter that the boys have encountered this season and soon ran the score to 9-1, Wellsville, where it remained when the half ended. During the third quarter Wellsville added one field basket and a foul shot to their score, while Andover had to be content with one foul point. During the final quarter, however, the boys passed the ball at will thru the Wellsville defense, and with the few shots which they made good finished the game one point behind.

Lineup and summary:

Andover: Alford, Harder, R. F. Alexander, Lee Gibbs, L. F. Tomkins, Leahy, C. Ainsworth, Frank Hyland, R. G. Taylor, Faisant, L. G. Ferris, Higgins.

Field Goals: Leahy, 1; Faisant, 3; Taylor, 1; Tomkins, 3; Alexander, 1.

During the preliminary game between the girls teams from the two schools, Andover girls showed a little more basket ball than on previous appearances and ran their score to eight, while Wellsville scored fifteen points.

CAPT. DANIEL BAILEY PASSES AWAY AT GLENWOOD

Spent His Entire Life in the Home Where He Was Born in 1841.

(From the Sussex (N. J.), Independent.)

The death of Captain Daniel Bailey, which occurred at his home in Glenwood early Saturday morning, removes one of Sussex county's grand old men. Only during his time of service in the Civil War did he reside elsewhere than in the old homestead where he was born November 26, 1841, and which was established by the pioneer, Stephen Bailey in 1794. He was an enterprising, thoroughgoing business man and always looked after the welfare of his community and his friends. He had been ill several months from paralysis.

Daniel Bailey was the only child of Matthew and Sarah M. Ferrier Bailey. His early life was spent mostly as a merchant and a farmer. He inherited the homestead settled by his great-grandfather and managed it in connection with a store. He was commissioned by Governor Olden, June 10, 1862, lieutenant-colonel of the Fifth Regiment New Jersey militia, and September 19, 1862, he was commissioned captain of Company F, Twenty-seventh Regiment New Jersey Volunteers, and served in the Army on the Potomac, in the department of Kentucky, at the draft rendezvous, and at Jeffersonville, Ind., in command of the United States arsenal. At the close of the war he was on the staff of Gen. Brishin.

On February 25, 1863, he married Anne Elizabeth, only daughter of Peter J. and Della Ryerson Brown, and the ceremony was the termination of a romance. Before their marriage while Captain Bailey lay seriously wounded on the fields of Virginia the Captain's mother and sweetheart made a perilous trip to the front. They went in response to a telegram which said the Captain had been given up by surgeons.

The two women took possession of an abandoned house, made up substitutes for furniture from Uncle Sam's barrels, boxes and coffee sacks, found a native who had saved a cow and was glad to exchange milk for some quatermaster's stores, and through many weeks they nursed Mr. Bailey back to life. In the winter of 1864-5, Mrs. Bailey helped her husband in Kentucky, the regiment being in garrison and having good quarters. It was here they received news of the end of the war, but they were unable to reach home until September, 1865 and the homestead at Glenwood continued thereafter to be their residence. There they celebrated their golden wedding on February 25, 1913. Mrs. Bailey died November 14, 1918.

Captain Bailey was always the life of the business interests of the little village and engaged at different times in creamery, milling, merchandise and extensive farming and fruit raising. In 1865 he built a creamery at Glenwood, which was operated under the name of Brown & Bailey, and later others were erected at Amity and Pine Island. He was director of the state Line Railway Company, which built a track from Goshen to Pine Island and was a heavy contributor to the road from Glenwood to connect with the L. & N. E. at Glenwood Junction, and he built and owned the telegraph line extending from Glenwood to Pine Island. He was postmaster at Glenwood for several terms and a commissioner of deeds for Sussex county. He succeeded his father as trustee of the Glenwood Baptist Church. In 1932 he built a parsonage for the Baptist church, and for years has been its largest contributor.

A few years ago his business was consolidated with others under the name of Brown & Bailey Condensed Milk Company, which operates five large condensaries and twelve shipping stations in northern New Jersey, central and western New York. In 1879 Captain Bailey organized the Sussex Battery, equipped with two bronze twelve-pounders, one of which was purchased from the U. S. government, the other from the Park Association. This battery was organized to celebrate the centennial of the Battle of Minisink in 1879, and was used for games on important occasions in this section, including the reception of Senator Blaine and Col. Roert G. Ingersoll, at a political meeting in Deckertown in the used in a Liberty Loan parade in Sussex.
