CATTLE POISONED AT CANISTEO

Several valuable animals, 6 cows and a bull, were poisoned in the dairy of Herbert S. Chase living near South Canistota last week. Four cows and a bull are dead at this writing. The stomachs of one of the cows was sent to State College at Ithaca for analysis to determine the nature of the poison. The cowardly act was committed by one acquainted with the barn as only thoroughbred animals were poisoned, the others being skipped. It is believed that the guilty party will soon be under arrest.

If it's Good Printing, we do it.
