Home Separated Cream

This week we have added another machine to our Confectionery and Ice Cream Department. A brand new Electric Cream Separator, which will enable us to furnish our customers with even better cream than ever before.

All of the cream and milk used in the manufacture of ice cream, we pasturize in accordance with the new law, making our product still richer than before.

A NEW DEPARTMENT

For many years our customers have been urging us, for their benefit and convenience, to put in a line of canned goods, so they could make purchases at times when other stores are closed.

With the beginning of the new year we have decided to do so, placing in stock only canned goods of the highest quality. We promise the same quick service in this department that we have always given in our Confectionery and Ice Cream Departments.
