

Poverty and Plenty

POVERTY is the price paid for wasted dollars. Plenty is the reward received for banked dollars.

Poverty or Plenty—which do you prefer? It is **WHOLLY** in your power to make the choice. No one can make it for you.

Why does yeast make bread rise?

—because yeast ferment, when combined with sugar, produces carbonic acid gas. This gas makes bubbles in batter and dough and thus raises the bread. The quality of

Puretest ASPIRIN TABLETS was considered high enough by their makers only when science could raise it no higher. Try them to stop pain.

Absolutely true aspirin, tablets so skillfully made that their beneficial action begins in 15 seconds. High purity, never irritate or burn.

One of 200 Puretest preparations. Every item the best that skill and conscience can produce.

Y., completed the course with a high efficiency rating and is now in line for appointment to the operating staff of the War Department at one of the many radio plants maintained throughout the country.

MRS. S. O. BROWN

Mrs. Frances L. Barber Brown was born in West Union, Sept. 10, 1848 and died in Independence, Feb. 16, 1924, at the home of her daughter, Mrs. Frank Nye, after an illness of more than two years.

She was the daughter of Joseph W. Barber and was married to Samuel O. Brown, Dec. 30, 1872. To this union there were born four children, two sons and two daughters. Two sons died at Canisteo and the two daughters remain and were able to give comfort and help to their mother in her late lingering and painful illness. The daughters are Mrs. Effie Nye, wife of Frank Nye and Mrs. Clara Lewis, wife of George S. Lewis of West Union.

These with the companion of more than half a century and an adopted son, Elbert of Independence and the grandchildren and a host of friends mourn her passing to the life beyond.

In early life, during her teens, she united with the church and remained a member of the Methodist Church of Greenwood until called to the church triumphant. She had an abiding faith and her great desire was to have others live the Christian life, which had meant so much to her. Her life has been full of industry and good deeds and patience in suffering. "Come unto me all ye that labor and are heavy laden and I will give you rest."

Farewell services were held at the home of her daughter, Mrs. Frank Nye, Feb. 19, 1924, conducted by Rev. Walter L. Greene of Independence. Interment at Rexville.

VILLAGE ORDINANCE

The following Village Ordinance was passed at a regular meeting of the Board of Village Trustees, held Feb. 7, 1924:

"Be it hereby enacted that: All persons vending milk within the Village of Andover for local consumption must file with the Secretary of the Board of Health on or before June 1st of each year a certificate from a licensed veterinarian, stating that their cattle have been inspected and tested and found to be free from tuberculosis. Under penalty of having their license revoked and a fine not to exceed one dollar a day."

P. W. RICHARDSON, Village Clerk.

A WISE MOVE

Andover Board of Health and officials are to be commended on the prompt measures taken to guard against the spread of scarlet fever in our village. When two cases of fever appeared among our school children, school was ordered closed at once and all children under the age of seventeen years quarantined. Services were omitted at churches and lodges. Officers were detailed for strict enforcement of the ruling.

There are now six cases of fever reported none of which are seriously ill.

Andover seems a strange place without our young people on the streets. We miss them, and that's a fact. The News, however, wishes to congratulate not only our officials for guarding so carefully the health of our village, but also, the parents of the village for their splendid co-operation in keeping their children within the law. By this method, we can reasonably expect the quarantine soon to be raised and all fears of contagion for our children removed.

METHODIST CHURCH NEWS

Rev. C. H. Whelan, Pastor.

The Village Board of Health is to be commended for its prompt measures in the combating of the threatened epidemic. Let none cavil; it is for the best interest of all that stern measures be taken. Let none ask special favors; and let no special favors be granted. The response by the people is gratifying.

The churches' voice for righteousness may be stilled for the moment, but the spirit persists. An opportunity exists during these days when the parents and the children are getting acquainted with each other for the parents to lead the young ones into Bible reading and study.

We do not expect to have services on Sunday. If the ban should be lifted, the sound of the bell will call you to worship, and the news will travel along the road of neighborly gossip.

Try the "intelligence test" for Bible Readers found elsewhere. Try it as a family game Sunday morning when you cannot go to church. Tell us how you came out.
