Guard the Udder!

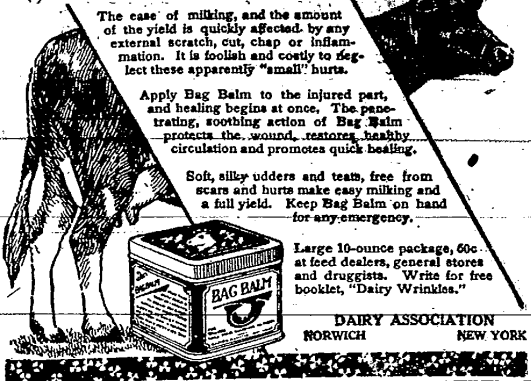

The case of milking, and the amount of the yield is quickly affected by any external scratch, cut, chaf or inflammation. It is foolish and costly to neglect these apparently "small" hurts.

Apply Bag Balm to the injured part, and healing begins at once. The penetrating, soothing action of Bag Balm protects the wound, restores healthy circulation and promotes quick healing.

Soft, silky udders and teats, free from scars and hurts make easy milking and a full yield. Keep Bag Balm on hand for any emergency.

Large 10-ounce package, 60c at feed dealers, general stores and druggists. Write for free booklet, "Dairy Wrinkles."
