What God Says about-Praying to Men

"We pray you in Christ's stead."

All the praying should not be to God. Praying to man is good business. Yes, and praying to man is, as God says, taking a part of Christ's job,—"in Christ's stead."

There are at least two things that a true Christian is left on this earth for after Christ has saved him; one is to pray to God for men; the other is to pray to men for God. Number one is commonly and generally understood, though vastly underdone. But Number two is but little understood even.

How can a man pray, yes, that's the word, pray to men for God?

Here is the way of it; Jesus Christ came down here and started and finished a piece of work both for God and for man. By his death and resurrection he made possible man's reconciliation to God by removing man's sins out of God's sight. Now every man is entitled to know that. But when he knows it his natural perverse heart will turn away from God. Then what? Why first, pray to God for that man and then second, pray to that man for God and pray to him to accept that reconciliation long since provided by God. And when any one of us does that he does it in Christ's stead. He has the unspeakable privilege of doing a piece of work that Christ would be glad to do but gives us the great joy of doing.

The Andover High School Girls played their last home game, Thursday, April 10, with Friendship. At the time they fought very hard for the victory, they were defeated with the score of 4-0. Tuesday night, April 8, they journeyed to Friendship to play the return game. The Warriors went on a hike Saturday to get in form for the coming season.

The base ball team started practice, Monday. They promise us a very fast team as all of last year's stars have reported.

Many things pigs have two legs and none four.

Some of the school girls say that he mean served at the Firmen's dance Monday night, consisted of these sandwiches, cheese sandwiches and cheese sandwiches.

We see that Fanny is wearing a junior class ring and we guess Ken has lost his.

There are nine more weeks of school that means study for some and more of it for others.

A WORD TO AUTO-MOBILE OWNERS

The Hornell Automobile Club has an advertisement in another column of today's News. If you are the owner of an auto, you would do well to affiliate with some good automobile club and Hornell is the logical one in this section.

The Hornell Club gives membership service, they are constantly working to get good roads and keep well maintained those we have. Their efforts in the past have been very fruitful of results. This can only continue with a large membership. They must have a large membership in order that their influence will continue to be felt.

The price for membership is but \$2.00 per year. You need the Club and the Club needs your help. Their goal is three thousand members help yourself by helping the Automobile Association.

Robert W. F. O'Connell or A. R. Allen, local directors, will gladly accept your membership application.
