

BRAND NEW WEALTH THE FARMER'S GIFT!

Did you men who are planting now ever stop to consider that every dollar you take from the soil is brand new wealth—taken from nobody else, never owned by anyone before? Wealth that is new all the way through is your contribution to the nation.

This Institution is proud that it has been chosen by many farmers to keep safely for them their share of this new wealth—to help that account to grow through the three per cent. interest we pay—to counsel them in financial matters—to co-operate in many other ways.

We will be glad of the chance to tell you how we can serve you.

What God Says about The Way to Be Great

"They had disputed among themselves who should be greatest. He saith unto them, if any desire to be first, the same shall be last of all and servant of all."

That's different, isn't it? Most people's idea of greatness is to have everybody else serving the great one.

And almost everybody who is looking for advancement is at it tooth and nail for himself, while God as much as says self-forgetfulness is greatness.

No, he says better than that, for it is the self-forgetfulness which is the result of the fullest service of others that is true greatness.

But you say it isn't natural. Of course, it isn't. It's supernatural. But the fact is that most of the greatness of God which we can understand is an exemplification of God's prescription.

Didn't Jesus Christ sink himself into nothingness, almost in serving us? And then He died for our sins. "Wherefore God hath highly exalted Him and given Him a name that is above every name." Yes, that's the road to greatness, and the first step is taken when a man believes what God says about Jesus Christ.

Oh, you men and women who eagerly read newspapers, why don't you devote some time each day to God's great newspaper—the Bible?

*Mark: 9:34-35.
