FINES FOR ABSENT SOLONS

Members of the British Parliament Were Heavily Multed in Olden Days.

One reads that when, one October day in 1647, it was found that 150

legislators were absent, the British house of commons, after long deliberation on the appropriate penalty for such delinquency, "ordered that such members as have not appeared according to summons shall pay the sum of £20"—a very substantial sum, indeed.

In those days, says the Detroit News, in Elizabeth's time, too, one finds that when a knight of the shire failed to present himself at Westminster, unless he had some sufficient excuse for his failure, had to hand over £20 to the exchequer; while a defaulting burgess escaped with a penalty of half the sum.

Even absence from prayers was considered just cause for punishment. Thus in Charles I's reign the member who failed to put in an appearance until the "amen" had been spoken was called on to put a shilling in the poor box.

Moreover, in those olden days a legislator only received payment for such days as he actually spent in attendance at the house or in traveling to and from it. When the house was not sitting he received nothing.

Too Sick to Care.

Mother, father and Willie were in midchannel. It was rather rough. Father did not feel too well, neither did mother, and mother was also driven to distraction by the mischievous antics of the boy.

Finally she appealed to her husband, saying:

"Father, do speak to Willie?"

And in a faint voice the father said:

"How are you, Willie?"

Wood From Insect-Killed Trees.

Recent investigations made by the United States forest product laboratory indicate that timber cut from insect-or fire-killed trees is just as good for any structural purpose as that cut from live trees of similar quality, providing the wood has not been subsequently injured by decay or further insect attack.

4 PINTS OF WATER A DAY

To be in the best of condition, you should drink at least 4 pints of good pure water every day. This water treatment, in connection with DR. DAVID KENNEDY'S FAVORITE REMEDY, should be remarkably effective in a very short time. Let it help your Liver, Kidneys and Stomach to function better, neutralize and "flush out" poisonous wastes and make way for pure blood. Few people need suffer from ordinary ailments if they will follow this common sense advice.
