HIGHLIGHTS ON STATE CROPS

From New York State Dept.

Farms & Markets May 13, 1924.

Choice Hay in Demand

The demand has continued good for choice grade hay. Latest prices are: No. 1 \$30-31, No. 2 \$27.38, No. 3 \$25.36.

Butter Firm, Cheese Steady

The butter market has been firm with higher score salted creamery butter bringing 40¢-41¢ per pound extra 40¢; seconds 38-39¢, says the State Dept. of Farms & Markets. The cheese market has continued steady with whole milk flats, average run, held bringing 23-23½¢ per pound, average run fresh 16-16½¢ per pound.

Eggs Slightly Lower

Eggs are slightly lower than a week ago but the market has recently been steady. Latest prices are: Nearby henry whites, extra firsts, 28½-29¢; nearby gathered whites, firsts to extra firsts, 27-28¢; nearby henry browns, extra fancy 30-31¢.

Fair Demand for Poultry

The demand for live poultry has been fairly good at lower prices. Tuesday's prices were: Fowls, colored and leghorn, 28-30¢; broilers, colored, 45-50¢; leghorn 35-45¢.

Veals Higher

The market for country-dressed calves has improved on top grades which are in demand. Choice stock old on Tuesday at 17-18¢ per lb., as against 14-15¢ a week ago.

Vegetables Lower

Owing to heavier receipts, rhubarb prices have been lower: Latest prices are 2-3¢ per bunch as compared with 4-6¢ a week ago. State carrots are also lower at 36-38¢ per bbl. Potatoes in 150-lb. sacks

are bringing \$2.40-2.65 for round whites No. 1. The best A grade, 2½ inch Baldwins closed at \$3.4 per bbl. on Tuesday.

Washington, D. C., for the week ending May 12, 1924.

Fruits and Vegetables

Eastern potato markets about steady. New York round whites sold at \$1.65-1.85 sacked per 100 pounds. Northern sacked round whites steady at \$1.10-1.25 in Chicago. Florida Spaulding Rose \$1.50 higher in eastern markets at \$9-9.50 per double head barrel; stronger at \$7.50 L.o.b. Texas Bliss Triumphs \$5-5.50 sacked per 100 pounds, in midwestern markets. New York Baldwins apples closed 50¢-55¢ higher in a few markets at \$3.50-4.25 per barrel, top of \$4.50 in Philadelphia. Texas yellow Bermuda onions generally higher selling at \$1.30-1.50 per standard crate in Chicago, \$1.75-2 elsewhere; \$1.15-1.25 L.o.b. South Carolina Wakefield cabbage steady at \$4.50 per barrel, steady in eastern cities \$3.50 L.o.b. Norfolk section of Virginia stock \$4-4.50 in Philadelphia and Baltimore. Alabama and Mississippi flat more. Louisiana Klondike strawberries weaker at \$3-3.50 per 24 pint crate in midwestern cities; \$4-4.25 L.o.b. Tennessee Klondikes \$4.50 per 24 quart crate in Chicago and St. Louis.

Chicago hog prices ranged from 5-20¢ lower than a week ago, closing at \$7.35 for the top and \$7.15-7.35 for the bulk. Medium and good beef steers 25-40¢ lower at \$8.10-11.50; butcher cows and heifers 25¢ lower to 10¢ higher at \$3.75-10; feeder steers steady at \$5.75-9.75; light and medium weight veal calves 75¢ lower at \$7.50-11. Fat lambs \$1.75 lower; yearlings \$1.75-2 lower and fat ewes 50¢-1.50 lower. Stocker and feeder shipments from 12 important markets during the week ending May 2 were:

Receipts exceed demand at New York and Cincinnati. Receipts higher at most other markets but sufficient for current needs. Best grades well absorbed. Alfalfa and pasture dull. Demand very light. Pasture good. Quoted May 12: No. 1 timothy Boston \$30.50, New York \$30.50, Pittsburgh \$27, Cincinnati \$23, Chicago \$26, St. Louis \$24.50, Minneapolis \$19.50. No. 1 alfalfa Kansas City \$25, Omaha \$18.50. No. 1 prairie Kansas City \$14.25, Omaha \$12.50, Minneapolis \$18.

"What Difference Does It Make To Me?"

Hydro-electric development—the intelligent use of our water-power resources. Thorny, complicated, technical questions. The average person is apt to dismiss them with a shrug of the shoulders and: "What difference does it make to me?"

A great deal now and much more in the future. Cheap and abundant electricity, developed from water-power, is revolutionizing modern life. It lights and helps to heat your home. It cooks and irons. It sews and cleans. It sweeps and dusts. It scrubs and scours. Think of what electricity has done to help women with the work of housekeeping. What it is doing to lighten labor on the farm and in the factory. How many things you buy are cheaper because they are made with Niagara power.

Realize that almost all of this has been accomplished in less than a generation; that the coming years are bound to see a vast extension in the use of electric power.

Doesn't it make a considerable difference to you and your children how intelligently our water-power resources are developed?

The Niagara Falls Power Company sells electricity at the lowest average price received by any generating system on the North American Continent.

CITATION FOR PROBATE OF WILL

The People of the State of New York

By the Grace of God, Free and Independent.

To Catherine Will, John Will, Kate Snyder (named in will as "Schneider"), Ann Folsing (named in will as "Volsing"), Henry Will (also known as Heinrich Will), Henry Will, Lizzie Burdick, August Will, heirs at law and next kin of Wilhelm Will send GREETING:

Whereas Charles E. Burdick, who resides at Andover, N. Y., has lately applied to the Surrogate's Court of our County of Allegany, to have a certain instrument in writing relating to both real and personal property, duly proved as the last Will and Testament of Wilhelm Will, who was at the time of his death a resident of Andover, N. Y., deceased.

Therefore, you and each of you are cited to show cause before the Surrogate's Court of our County of Allegany, at the Surrogate's Office in the Village of Belmont, N. Y., on the 13th day of June, 1924, at ten o'clock in the forenoon of that day, why the said Will and Testament should not be admitted to probate as a will of real and personal property.

IN TESTIMONY WHEREOF, we have caused the Seal of the Surrogate's Court of the said County of Allegany to be hereunto affixed.

WITNESS, Hon. Bernard B. Ackerman, Surrogate of said County, at Belmont, N. Y., this 7th day of May in the year of our Lord, one thousand nine hundred and twenty-four.

LEON A. ACKERMAN, Clerk of the Surrogate's Court.

NOTE.—This citation is served to give you Legal Notice of the proceedings; but you are not obliged to appear unless you desire to do so.

Here are the Reasons for the Power, Smoothness and Endurance of Oakland's Six-Cylinder Engine

1. Oakland's new six-cylinder L-head engine is of the most advanced design. Its remarkable performance is the logical result of competent engineering and high grade construction throughout.
2. The large, perfectly-balanced crankshaft runs in big, special, bronze-backed bearings. These patented bearings are positively the best that money can buy.
3. Lubrication is force feed by means of a reliable gear-type oil pump. Main, camshaft, and connecting-rod bearings and timing chain are continually bathed in oil. This positive lubrication adds greatly to quiet operation and long life.
4. Oakland cylinders are honed smooth as glass on special machines. Pistons and rings of the latest design are individually fitted into each cylinder with extreme care and precision. Vibration and wear are practically eliminated by this process.
5. The connecting rods are light and strong. The babbit-lined bearings are permanently bonded to each rod with pure tin—the most approved process and also the most expensive.
6. The camshaft is driven by a silent chain running in a bath of oil. This is conceded the best type of drive and the most accurate. There is a convenient external adjustment.
7. Oakland valves are of special heat-resisting alloy steel. So efficient are they, that valve grinding is necessary only at very rare intervals.
8. The intake manifold is scientifically designed so that perfect fuel distribution is obtained in all cylinders, and therefore smooth, economical operation. There is a handy temperature adjustment for summer and winter.
9. The electrical system maintains Bemy standards of excellence. The spark controls are entirely automatic, which means that the engine will deliver the maximum of power under all conditions.
10. The single-plate disc clutch is simple and durable. It is self-adjusting for wear. Its smooth operation makes possible the remarkably easy gear shifting of the True Blue Oakland.
