Sunday the hand began to pain and at this writing she is suffering severe pain and the entire arm is badly swollen. Dr. Comstock, of Wellsville, was called on the case.

—A wrecked Buick touring car was found Tuesday, in a ditch near Houghton. The car had crashed thru a wire fence breaking out six fence posts and into a large tree. On the ground near the car was a New York State license plate issued by the Allegany County Clerk for a Maxwell car owned by Fillmore. On the rear of the car was a 1921 Florida license. In one car pocket was found a new kodak. A pair of broken shell-rimmed glasses was found in the car. Blood on the cushions indicated that some one had been injured. Sheriff Weir is investigating.

What God Says about HIS CLOTHING

"The Spirit of the Lord clothed Himself with Gideon." *

(This is a literal rendering of the text which reads in King James version "The Spirit of the Lord came upon Gideon.")

God needs clothing to be seen of men. It is His clothing that gives Him form for our eyes.

That is the meaning of Christ's coming to earth—God's Son. Christ was God, clothed so that men could see Him, for "No man hath seen God (otherwise) at any time."

Before Christ came God stepped into a man like Gideon and His spirit clothed Himself with such men—so that the Spirit of God could be seen working.

Talk about your generals and your tactics and your victories—read the sixth and seventh chapters of Judges if you want to see something of a military campaign—how three hundred men put to rout tens of thousands with great slaughter. That shows what a rout tens of thousands is just willing to be God's clothing. The trouble man can do when he is just willing to be God's clothing. The trouble with most of us is that we want only a little extra strength from God so that we can do something creditable.

Oh, Man, God the omnipotent wants to put you on as a coat in which He can do mighty things that no one could ever dream of your doing. Fundamental and continuous faith in Jesus Christ will make that possible.

*Judges 6:34

From Our School

The Allegany County Track and Field Meet was held at Cuba, Monday, May 25. Andover took an active part in the day's events, Howard Lesby winning third place in the 100 yard dash and in the 220 yard dash. Friendship won first place in the meet with a total of 82 points and Wellsville second with a total of 20 points.

In the Junior meet, Andover won third place. Gerald Quinnigan winning first place in the 100 yard dash and Pauline Martin winning second in the Junior girls' 50 yard dash.

The spelling contest took place in the morning. Andover was at disadvantage in that she didn't receive the list of words which were to be used in the contest, but nevertheless Robert Lynch was tied for third place.

Last Friday afternoon an interclass track meet was held on the school grounds, the Freshman and Junior competing against the Sophomores and Seniors. The Sophomores and Seniors won with 49 points, and the Juniors and Freshman had 42.

Regents are only two weeks away! The students are spending their time very profitably and we hope they will be rewarded in the June examinations.

Two accidents marred the field and track meets mentioned above. In the interclass meet, Wayland Livermore fell and severely sprained his left wrist. And Richard Harder, in attempting to clear the seven foot mark in the pole vault at Cuba fell on his knees and tore the ligaments loose. Both are able to be in school now.

Sour cream is a good shortening in making cakes and cookies, and useful for salad dressings and gravies for meat.

Lam on the lime! Most land needs it. E 78 is a new bulletin on liming New York soils that the state college at Ithaca will send you.

—George Wereley, linotype operator at the News office, met with a painful accident to his hand, getting it badly lacerated on a barbed wire fence. He has been unable to operate the linotype since Monday.

—Mrs. Walter Hammond assisted at the News office Thursday afternoon. It is expected that June 1st will be celebrated at Rochester this year as lilac day at Highland park, where there are now 365 varieties of this sweet flower. Lilac day at Highland Park has been observed for many years. As many as sixty thousand people are claimed to have visited the park on Lilac Sunday.

—V. H. Butts and Claude Curtis of Castle have leased fifteen acres of swamp land near that village and will start a muskrat farm. They have ordered 25 pairs of muskrats. About 300 rats can be sustained on an acre of swamp land by artificial feeding. The land is to be fenced and posted against hunters.

—A disgraceful affair developing into a free for all fight took place at a recent dance held in a hall at Birdsall. As reported the trouble developed from an uncomplimentary remark made by a young man from Bolivar regarding a Hornell woman who was one of the dancers. It is a fact to be regretted that dancing parties have lost the dignity and grace of a few years ago and unless a change is inaugurated by those in management the better class of people will hesitate to attend them.
