**What God Says about-OUR FATHERS**

"Our fathers trusted in thee and thou didst deliver them."

Yes, and so did our fathers. God said this, though, primarily about the fathers of the Jews in the time of King David.  
But God says it again today as a true record of the fathers of this nation. They did trust God and they were delivered time and again. So that this American people is what it is by God's care and guardianship.  
And how are we honoring our fathers? Have we followed them in trusting God or have we taken it all out in these later days in letting our coins state—what isn't true—"In God we trust." Even that has largely disappeared from our coinage, perhaps in real shame because of its false pretension.  
Our fathers intended this land to be a country of Christian liberty. What will our children say about their fathers?  
It is time the men of the land who had Godly fathers awoke to the fact that our country has cut loose from the Bible, which was the anchor of our fathers.  
See here, you business absorbed man, you pleasure absorbed woman, stop, stop a moment and think about that Bible of yours and of your mothers. Come now, and get it open, both of you.

The Commission have arranged to capture a number of the bears and ship them to other counties where game is scarce.

The town of Andover placed a large sign on top of the Vorhees Hill detour this week telling the travelling public to "put your car in low and leave it there, bad turn and steep hill." Many accidents have occurred since the closing of the Wellsville-Andover state road. It was little less than a crime to force automobiles over this mountain detour, and the person who committed it is the one who allowed a contract for road building to be made without provision to care for the travelling public.
