A THREE-WORD SPEECH FARMER'S DAY CREAM FOR RAILROADS WALLSTREET'S TRINITY

John W. Davis means to hold the short speech record, a wise, almost pious resolution. He will "accept" his nomination in only four thousand words of talk.

Great moderation and self-control, you say. Yet in thirty-one verses of the second chapters of Genesis the Bible describes the creation of earth and everything on it. And the whole thing, including the rest on the seventh day, is told in about ONE thousand words.

For brevity and beauty, candidates, editors and especially advertisement writers should study the Bible, especially Genesis, Job, Isaiah and the Sermon on the Mount. Any Presidential candidate might make an acceptance speech pleasing to 99 or 100 in three words, as follows: "MEN ABOVE DOLLARS."

Salesmen are pouring into the Northwest farming districts to sell goods that stores will soon be selling, thanks to high prices for wheat. Stocks are going up, especially railroad stocks. That has importance for everybody. It means that intelligent observers see good times ahead.

Railroads seem to be the "lamb" of our government, and it remembers the injunction "feed my lambs." Recently, when the farmer was practically bankrupt, dozens of banks in the Northwest closing their doors, etc., it was suggested that railroads might reduce freight rates, at least on farm products.

But with wheat going up, the Interstate Commerce Commission says the value of farm crops will increase a thousand million dollars this year. Therefore, NO reduction in freight rates.

The cream, off the top, must go to the railroads. Suppose the farmers, for a change, are getting a decent price

for their crops. The question involved is: Are the railroad charging too much? Not what is the farm making.

Great and fashionable Trinity Protestant Episcopal Church, standing at the top of Wall Street, publishes this report:

Last year's income, \$2,148,681. Present assets of that little band of followers of the lowly Nazarene, \$13,329,053.

Your note, "Carried to renewal account, \$186,762."

The young man (see Mathew, 19th Chapter) that "went away sorrowful" after being told, "Sell that thou hast and give to the poor," probably sits in Trinity's congregation, if there is anything in the reincarnation theory.

Think of one Episcopal church keeping on hand thirteen millions of undivided assets, while scores of the Episcopal clergy, miserably underpaid, struggle to make ends meet. The world hears with amazement

of two French fliers setting a new "duration mark," staying up 37 hours, 59 minutes and 10 seconds. Put this clipping away for your great-grandchildren. They will see a round a world machine, coming down perhaps once a year for complete overhauling, landing passengers from smaller machines above Paris, London, Yokohama, Bombay, New York. "All out." And the trip all way around will be made in twenty-four hours—only 1,000 miles an hour.

Every one can be valuable to the world by setting an example of courage and endurance.

The other day in New York a young woman lay in a hospital with both legs amputated. That was the price she paid for giving birth to a child. SHE might have said, "The world has nothing more for me." What she did say, was, "I am delighted to lose both my legs, if I must as long as I have my baby." That's worth a good deal to the world.

INSURANCE PROBLEMS

In these days when FIRE, TORNADO or LIGHTNING may leave you penniless or destitute in a few minutes, it is wise to be FULLY PROTECTED BY INSURANCE.

Bring, 'phone or write us your Insurance problem. Carefully estimate the present value of your property, buildings and contents and we will gladly give you a low cost for dependable insurance.
