THE GREATEST BUSINESS IN THE WORLD

That's how the world regards farming today. Lost forever is the old disregard for the farmer and his work—in its place is a new interest in the men who every year take millions of new wealth out

of the soil for the whole nation's benefit.

Everything else depends upon the farmer.

When his income gains prosperity spreads all down

In the fact that so many farmers count this bank as an extremely helpful friend, always ready to serve them, we find cause for satisfaction.

FIRE INSURANCE

We are writing Fire Insurance in strong Old Line Companies, as we have been doing for over twenty-five years, without a dissatisfied customer during the period.

To supply the needs of some who prefer Mutual Fire Insurance, and have previously had it written out of town, we have taken the agency of some very strong mutual companies. We have one mutual company with more assetts than twenty companies such as are being peddled in Andover by out of town agencies.

We can write your insurance at the very-lowest possible cost and give you protection as good as the best.
