

This Week

By Arthur Brisbane

**Woman President? Not Yet.
World Getting Smaller.
Three Ages of Barbarism.
Stone, Bronze, Iron.**

This is the political stage of "rosy reports." They pour in on La Follette, Davis and Coolidge. Coolidge is told that Ohio, Iowa and Kansas are already his. Davis is told that with the South and New York, Massachusetts, Illinois, etc., he is ELECTED NOW. La Follette's followers say they have "twenty-five states sure." The "rosy" days are pleasant, only someone is sure to be disappointed.

The Government has ordered a group of flying machines that can travel thru the air, on the water or on land. Only one step remains, the amphibian and submersible flying machine pulling in its wings and becoming a submarine. That will come also.

A John R. Voorhis, oldest officeholder, aged ninety-five, predicts a woman President. She will come, but not in fifty years. Many women in the United States would make Presidents better than any, with two exceptions, since Thomas Jefferson. But man, proud man, dressed in a little brief authority, will take a long time to get over his SUPERIORITY COMPLEX.

Men of low intelligence sincerely believe that they are in some mysterious way woman's superior, and such men decide Presidential elections.

If a woman becomes President before 1980, it will be thru promotion of a Vice President. That might happen within a generation.

The world really is becoming a small place. American fliers, coming home by the shortest route, put on Arctic clothing as they left England.

Their hop was from England to Greenland, and then they will be getting Summer things ready for their joyous, triumphant landing in warm America. "Around the world in eighty days" was a fairy story. Around the world in six days or less will be REALITY before 2000 A. D.

The scientific world notes the discovery in France, of a new anaesthetic called "sommifaire." With no bad after effects this anaesthetic makes possible the longest operations. It is injected into the blood, causes the patient to remain half conscious for thirty hours, which is excellent for major operations. It is hard to believe as you read of scientific methods of avoiding pain that when anaesthetics were first used they were savagely denounced as works of the devil. Earnest preachers declared that God WANTED us to suffer and it was a sin to thwart His divine will.

Joseph Greenberg, of New York, will return to his home with new knowledge of this country and greater respect for the size of Texas. He left Brooklyn in a little automobile to bring his son back from "somewhere in Texas," and told his wife he would be gone "about three days." He will be surprised to find it will take him about as long to cross Texas as to cross all the rest of the American continent. When you've entered Texas on one side and come out on the other, you have covered almost half the distance from ocean to ocean.

When historians write of the three great periods of barbarous development, the stone age, bronze age and iron age, they will say:

"The full industrial development of the iron age, reached at about the year 2,000 of the period humorously called 'the Christian Era,' may perhaps be called the beginning of civilization."

"Men had developed faint ideas of right and wrong. But while they had begun to leave their great fortunes to education and science instead of seeking to bribe their deity and buy eternal bliss for their own worthless souls, they retained the worst features of earlier barbarism. The discoveries of science in chemistry and physics were used for war murder on a gigantic scale."

"The dregs of the race committed murder with their own hands. The so-called upper classes lived in shameful luxury, utterly indifferent to poverty, disease and ignorance around them. They even herded young children of the poor into factories and mills, grinding them into profits for their own use."

"On the whole, that culminating period of the iron age was inferior in dignity and decency to the stone age."

How well have you advertised your property for sale.

Tuttle & Rockwell Co.

Our August Clearance Sale IS KNOWN FAR AND WIDE AS A REAL OPPORTUNITY TO SAVE MONEY
