

SURE TO ARISE

The old colored preacher said: "Verily I say unto you that whosoever sitteth upon a red-hot stove—shall RISE AGAIN."

That's one sure way to arise, but it has its disadvantages. The sure way to arise, to move forward, to become a success, is to save your money, depositing it regularly in a good bank like ours, and then carefully investing it as it accumulates. The rise may not be so rapid, but it will be a lot more comfortable than by following the darkey's plan.
