Mrs. Carl Ahrens Reunited With Parent From Whom She Has Been Separated 20 Years

Lock Haven, Pa. Sept. 8.—After 20 years, Edward Wise and a daughter, Mrs. Carl Ahrens, from whom he had been separated since she was three weeks old, were reunited just five days before his death. Inquiries made at Wellsville, N. Y., where the daughter was visiting led to the reunion.

Mrs. Ahrens when four years old was taken to California by relatives with whom she went to live, shortly after her birth. Several years later they died and the girl, then aged eleven years, was adopted by a wealthy orange planter. In the meantime she had lost traces of her family and it was not until her trip

### Allen W. Corwin Elected Vice President

State Senators Met at Jamestown and Held Successful Sessions on Three Days

The Reporter:—The annual meeting of weights and measures Officials of New York State held at Jamestown, Sept. 3rd, 4th and 5th, was one of the most successful meetings held by the association and the sessions had a large attendance coming from all parts of New York and many from neighboring states.

Many interesting subjects were taken up on the program, including the enforcement of the new bread law that is now in effect and requires that bread to be sold by weight.

The officers elected for next year were: President, Harry W. Sherman, Rochester; first vice-president, Allen W. Corwin, of Wellsville; secretary, William D. Reed, Penn Yan; treasurer, Howard J. Moore, of Canandaigua.

Allegany County and Wellsville is honored by the selection of Allen W. Corwin, who served as second vice-president last year, to the office of first vice-president for the year to come. And in the natural progress of things we shall look to see Mr. Corwin president of the association in another year.

Mr. Corwin read an important paper on "Testing Vehicle Tanks" that brought much favorable comment and discussion from the delegates.

Allegany County's representative is credited with being one of the most painstaking and competent officials in the whole list of county sealers, and by his excellent work in testing the scales used commercially and the gasoline tanks thruout the county, the public is protected from over-charge and unreasonable payments.
