Since the "Clermont" Puffed Up the Hudson

Tipes was a lot of ceremony a bundred and seventeen years ago whom Robert Fulton proved a steamboat would run by navigating from New York to Albany. Eleven years later, and the first steamer to cross the Atlantic was launched.

What if those pioneers of advanced water transportation, Pulton and Livingston, and those doubting crowds that waited to shoul when the power failed, could come back for a visit today!

Progress has been rapid and continuous—every advance has aided you and all the rest of the country to greater comforts, conveniences, safety, enjoyment, education

With progress in other lines, have come marked advances in banks and banking methods. At this strong, up-to-date Institution your account will be welcomed, if you are not already a customer.

FIRE INSURANCE

We are writing Fire Insurance in strong Old Line Companies, as we have been doing for over twenty-five years, without a dissatisfied customer during the period.

To supply the needs of some who prefer Mutual Fire Insurance, and have previously had it written out of town, we have taken the agency of some very strong mutual companies. We have one mutual company with more assetts than twenty companies such as are, being peddled in Andover by out of town agencies.

We can write your insurance at the very lowest possible cost and give you protection as good as the best.
