Have You Appendicitis And Don't Know It?

Much so-called stomach trouble is really chronic appendicitis. This can often be relieved by simple glycerine, buckhorn bark, etc., as mixed in Adlerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel, and removes all gasses and poisons. Brings out matter you never thought was in your system. Excellent for obstinate constipation. BRUNDAGE DRUG CO.

### Filet Appenzell

During the 17th Century, in Latin-speaking countries, Filet Laces were first worn as sacrificial emblems to adorn the heads of Vestal Virgins. These laces were made on hand looms and have survived through the many ages.

In the Alpine regions of Switzerland lies the Canton of Appenzell. Here its natives would gather during the hours when not working the soil to embroider these delicate fabrics, which have been handed down from generation to generation and are known to all lovers of art.

This artistic lace and embroidery, through weaver's skill and guided by expert hands, with the aid of machinery, have been combined into the beautiful product called "Filet Appenzell."

This new creation comes in round pieces, ovals and oblongs of all sizes suitable for matching and making up of the various style sets used in modern Decorative Art Linens.

#### Design "Angelo"

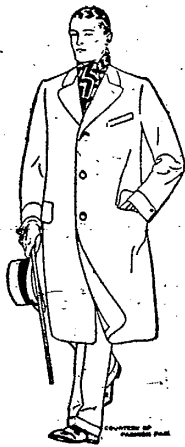

This design which the C. F. Babcock Co., Inc., have exclusively in Hornell, owes its beautiful conception to the famous Italian master of arts, Michael Angelo, of the 16th Century.

The "Hanging Angel" symbolizes this Immortal, and this theme has been revived and used in executing the "Angelo" pattern.

#### Start a Set

You may not wish to invest in a complete set at this time, but the beginning may be made by buying a buffet set, a large center, or a handsome scarf and other pieces may be secured from time to time.
