MARTIN A. TUTTLE  
MAKES FINE GIFT

Donates 30 Acres of Land  
to Hornell Boy Scout  
Council.

Hornell, Nov. 29.—Martin A. Tuttle, one of Hornell's most beloved and substantial men, modestly announced this week that he had made a gift of a 30-acre tract of land to the Boy Scouts to be used as a reservation and camp. Provision was also made at the same time for a lease of 250 acres of land adjoining for a period of 25 years. This land is ideally located. It is about two miles from the city just off the Hornell-Almond state highway. The land is undulated and sweeps back into high, rugged hills wonderfully adapted to Boy Scout work. Great, mammoth trees rear their heads high over a landscape as beautiful as may be found anywhere.

The tract is to be known as the Martin A. Tuttle Foundation. His gift is the most substantial ever made to the Boy Scouts of Hornell. Miss Ruth Tuttle has been greatly interested in Boy Scout work and her interest, it is believed, was partially responsible for Mr. Tuttle's action.

Mr. Tuttle is senior member of the firm of Tuttle & Rockwell. The gift from Mr. Tuttle had its inception when the Rev. T. Markham Talmadge, pastor of the Westminster Presbyterian church, endeavored to rent the property for Boy Scout purposes. Both Mr. Tuttle and his daughter gave this thought and finally the plan to make the gift was formed. It was a most generous effort. Dr. Talmadge has been interested in Boy Scout work for many years.

The League gave a yell for their hostess, Miss Viola and her mother, which was very much appreciated. On going home they all expressed their pleasure for a very pleasant evening.

BENJAMIN WAS  
FREED AT HEARING

Judge Discharged Dale J.  
Benjamin Who May Start  
False Arrest Action.

Corning, Nov. 29.—When Justice A. J. Rodenbeck of Rochester dismissed the charge of endangering the morals of young girls, which had been made against the Rev. Dale J. Benjamin, 27-year-old evangelist of Seattle, at his hearing in Supreme Court here on Wednesday, the man of the cloth was immediately re-arrested by Sheriff Joseph W. Wier of Allegany County, on a warrant charging assault in the second degree. The prisoner was then taken to Scio to be arraigned before Justice of the Peace W. Q. Browning, who issued the papers.

Benjamin held a series of religious meetings at Scio in October. It is alleged that at various times during his stay there he received threatening letters and that on the morning he intended departure from the village his motor car was taken from the garage and a coat of tar and feathers applied. When the minister investigated the threatening missives, it is said, he traced their source to three young girls in Scio. Later these young ladies made affidavits before Justice Browning wherein they charged that Benjamin had made improper proposals to them. The evangelist was arrested on October 28, and has been held in the Allegany jail at Belmont since then in lieu of a \$2,000 bail bond. His hearing here on Wednesday followed habeas corpus proceedings which were instituted by the counsel for the defendant. This attorney stated today that he was preparing to begin an action against Sheriff Wier and Justice Browning to recover \$20,000 damages for false arrest and imprisonment.

Joy Riders Come to Grief  
When Reaching Andover

Tried to Skip and Not Pay  
Joseph McDonough for  
Gas They Purchased.

A pair of joy riders, Paul Larabee of Olean and Lottie Lewis of Lewis Run, Pa., came to grief in Andover, Sunday evening.

The couple were driving a Dodge coupe. At Stanards they ran out of gasoline. Not having any money they conceived the idea of getting some gas and not paying for it. They drove up to Joseph McDonough's pump and ordered seven gallons of gas. After the tank was filled they told McDonough to get a quart of oil. While he was gone inside for the oil they skipped out.

Mr. McDonough didn't like that kind of treatment so went after them. He chased them to and around Wellsville and came near running over them once. They finally dodged him and came to Andover. McDonough had telephoned officer Kilbane to get them, which he did. They were taken before Police Court Justice Mullen and fined \$10 and the price of the gasoline. They didn't have a cent of money with them so the woman left a valuable wrist watch as security.

Charged With Larceny

They were arrested that same night by police at Eldred, charged with the theft of an automobile belonging to Arthur Margeson, of Rock City. The theft was committed Saturday evening last. Descrip-

Albany, New York, Nov. 28.—Governor Smith today expressed his approval of the Christmas Seal Sale and its purposes in a proclamation endorsing the Seventeenth Annual Christmas Seal Sale, carried on by local, state and national tuberculosis organizations to raise funds for the support of their work.

"Christmas Seals, sold annually in New York State, and thruout the nation during the holiday season, offer to everyone an opportunity to contribute to the movement to prevent, cure and control tuberculosis, and to promote health generally, carried on by committees of public spirited citizens in all parts of the country, in conjunction with the official public health authorities."

"During the last two decades, vigorous and determined efforts have been made to prevent this disease, which has been for centuries among the most tragic afflictions of mankind. Since seventeen years ago, when systematic efforts against this devastating disease began in this state, the death rate from tuberculosis here has declined thirty-five per cent."

"The Christmas Seal Sale has been an increasingly important factor in this campaign. It has enabled organizations of citizens to arouse interest and spread information everywhere, bringing home to the people the latest scientific knowledge about tuberculosis, starting new lines of health work and showing whether these activities are of practical value and suitable for the public authorities to carry on and maintain."

"Further progress can be made by keeping up such intensive and comprehensive effort, and all humane and patriotic citizens may well assist and take part in this life-saving work."

"Therefore, I, Alfred E. Smith, Governor of the State of New York, do hereby proclaim the month of December as the period of the Seventeenth Annual Christmas Seal Sale, and I commend the appeal of such Christmas Seals to the charitable impulses of the people of our commonwealth as a practical expression of the spirit of good will toward men."

"Given under my hand and the Privy Seal of the State at the capitol in the city of Albany this 28th day of November in the year of our Lord, nineteen hundred and twenty-four."

PRIVATE SMITH CAR  
GIVEN TO "Y" BOYS

Fine Present From Mrs.  
Frank S. Smith to Camp  
Shenawana.

Mrs. Frank Smith has presented Camp Shenawana the well-known private car or coach 99, the property of her husband, the late Frank Sullivan Smith for nearly 20 years the receiver of the Pittsburgh, Shawmut and Northern railroad. The coach has been housed in the shops for many years and was used to convey him to and from his residence in Angelica as well as the numberless trips of the receiver and the officers in their tours of inspection from Wayland, N. Y., to Kittanning, Pa., which was then the division of the railroad, as far as the south end had been completed at the time of the death of Mr. Smith on November 15, 1920.

Four years having passed, Mrs. Smith with characteristic generosity has given it to the Y. M. C. A., of Allegany county together with all its contents, as one of their buildings in the beautiful camp on the Genesee near Belvidere.

The car is fitted with all the conveniences and accessories that the refined taste and good judgment of the owner could require.

It is about 60 feet long and the standard width of all Pullman coaches, divided into three compartments for cooking, sleeping and recreation. Its appointments are first class and abundant. The china, silverware and bedding are such as only abundant means would supply for comfort, business and pleasure, and will be a fine addition to the camp buildings.

MORE PIE FOR  
THE POLITICIANS

Federal Enumeration of  
Farms is Now in Progress  
in New York State.

When the federal government comes right up against it and finds that it has just got to do something to relieve the rotten condition that they have forced upon the American farmer by tariff manipulation in the interest of the big industries they start, and with a big flourish and count the farmers. Just such a spectacle is now in progress again.

The last agricultural census was taken beginning Jan. 1, 1920, when farming had reached the high point of prosperity.

The enumerators will make farm to farm canvases. All enumerations and other census officials are under oath to keep confidential all information obtained from individuals. The enumeration in New York state began December 1st. At about this time sample blanks will be distributed by the rural carriers to all the farmers on their routes. Each farmer should carefully fill in all the information called for that applies to his farm. The blank should then be kept until the enumerator calls. He will explain any questions that were not understood and copy the information for his record. It is strongly urged that every farmer fill out the blank promptly as it will make the work of the enumeration.

For census purposes a farm is all the land which is directly farmed by one person either by his own labor alone, or with the assistance of members of his family or hired men. It may include either owned land or rented land, or both. It includes market gardens, truck and fruit gardens, nurseries, greenhouses, poultry establishments and country or village dairies, if they use three acres of land or more, or if their 1924 products were valued at \$250 or more.

While there was a large number of questions listed on the schedule, which is uniform for the whole United States, there are many that do not apply to New York State and still less that apply to any individual farm. Many of the questions propounded to the farmers seem more in the nature of nosing into his affairs, rather more than is needed, but no possible harm will come from properly answering all of these that can be answered, and it may do some good.
