Arrest Causes

AT A RECENT gathering of police officials in a large American city the concensus of opinion was that it is no longer considered good form to maintain police forces merely to see how many arrests can be made. TATHER'S DAY is to be celebrated Sunday, June 19, The tendency is all in the other direction, just as the I we are told. After Mother had been having her enforcement of the law by the courts has been-to "Day" for several years, the idea occurred to someone make enforcement constructive by endeavoring to cure that father also deserved a little niche in the family the law violator instead of punishing him. THE STORY OF THEM IS AN EPIC OF MODERN INDUSTRY

Hart, Schaffner & Marx, the largest makers of fine Clothes in the world, brought their vast organization to a new degree of efficiency to make this retail price possible.

Their power in the market as quantity buyers, the economies of their large scale production, their money-saving facilities for distribution, all helped. Never before have such fabric values, such authoritative style, such tailoring been offered for so little.

They're really more expensive Clothes.
