The Coffilter is a device for brewing pure, delicious piping hot strong, clear coffee, with a delicate fragrance and aroma in three minutes or less from water.

Water only is boiled.

Brewing water is sustained at even temperature -a little less short of boiling point.

Coffilter saves one-half coffee used.

Coffilter removes all harmful waxes.

Coffilter makes it possible for people who are forbidden to drink coffee to drink coffee made the Coffilter way, because of its purity.

Coffilters, because of the vaccuum, keeps the coffee warm for one-half hour and the sixth cup is as warm as the first.

Coffilters are easy to clean and will last a life-

Coffilters are fully guaranteed.

Come in and examine this Coffilter. I will gladly demonstrate. Drink a healthy cup of coffee.
