#### LEARN FROM ELBERT GARY'S LIFE

The death of Judge Elbert Gary attracted attention Clayton George, born at Jones Meto one of America's most picturesque figures. He drew morial hospital. characteristic of America. Arnold of Freedom, a daugh- known as the Anderson farm, the head of probably the largest corporation in the world. ter, Barbara Jean.

Judge Gary never discovered anything new. In his resume of the elements of character, we are struck by his emphasis upon the old-fashioned virtues. About all the virtues there are are old-fashioned. There has never been discovered any substitute that was workable for Johnson City and Clifford Smith of being honest and upright.

Gary's Ten Commandments of Success which help of Wellsville and Samuel L. Most is to think without doing anything. formulated for a man with a reasonably healthy constitution and average mentality, are as follows:

- 1. Be honest, truthful, sincere and serious. Being slippery and Brooklyr tricky may gain you temporary advantage, but in the long run it will ) your undoing.
- 2. Be considerate of others. Don't try to get ahead by pulling somebody else down. The more progress you make the less you will want to take advantage of others.
- 3. Guard your health, both morally and physically. - 5. No matter how much natural ability you have, it must be stimu · lated by persistent efforts to improve the mind and store it with usefu aged 83 years, died Oct. 7th, at the information. A good memory is of incalculable benefit.
- 6. Have clean habits of life and select the right companions. You should know men of experience and higher rank than yourself. Nothing saps character like undesirable companions who are only bent on selfindulgence rather than self-improvement.
- 7. Be ambitious honorably and back this ambition up with energy, persistence and thoughtfulness. "I have had to fight steadily against laziness all my life," he says.
- 8. Be loyal to employers, friends and country. A reputation for loyalty induces people to give you positions of trust and responsibility. J. Cultivate stibility. Don't be a rolling stone.
- 10. Most important of all: Observe the Golden Rule. This gets you further in the long run than any other maxim of life.

# Vibrationless beyond belief

DUICK'S remarkable freedom from vibration is due. primarily to three vitally important factors. Firstthe inherent smoothness of the Buick Valve-in-Head six-cylinder engine. Second - rubber engine mountings, front and rear. And third—the scientific and almost perfect balance of the entire Buick crankshaft assembly.

Only Buick enjoys these advantages. And only Buick provides the silken performance—the unvarying smoothness at all speeds—the longer life and greater serviceability of an engine vibrationless beyond belief.
