#### The National Increase

Have you ever stopped to think what our annual) increase in population of over two million means. Transportation, housing and industry must keep pace, produce 12 million additional tons of coal and we must passing interest. build and furnish 400,000 additional homes every year. way lines are being moved to the hills and to isolated vious years. districts. Cities and towns are being connected by trude which is steadily increasing. Industry must blessing in disguise, the president reasoned. equip itself to keep pace with the always growing detimes be apparent it can never be of long duration.

#### A Colossal Waste

IN of over half a billion dollars a year. This sum rep- relieving about 690,000 people as a result of 77 domestion of business. The grand annual total of the American fire waste mounts to an appalling figure. Worse to the storm in Florida. yet, every 24 hours some two score citizens are burned to death.

probably 90 per cent, of all fires are preventable. it. There can be no doubt that a large part of our anathy toward fire loss results from the delusion which we fies its existence. cherish about insurance. We believe that insurance pays for fire. It does not, and it never can. It distributes fire losses, but it cannot recreate buildings or goods that have been reduced to ashes.

The United States has done little regarding personal responsibility for damages done to others by fires caused by carelessness. In Indiana, however, an ownstate fire marshal.

Authority of the state fire marshal includes maktions pertaining to storage, use, manufacture, sale, the gain is impressive. handling and transportation of all classes of combustibles and explosives.

despite the order of the state fire marshal, may be held fields liable in damages to others whose property is reduced in rental value or otherwise by reason of condition of

#### Home Hazards

MORE than 18.500 men, women and children were able to women. Wikilled in accidents in their own homes last year. occur while performing home duties.

it is quickly forgotten. Practically every community were used. of any size, national bodies, state organizations and local associations are constantly endeavoring to solve degree among women. Many have it without knowthe traffic problem and find a way to prevent the use- ing it. and never realize their inherent ability until less waste of life resulting, but practically no one is forced to seek employment, worried about the toll taken by home accidents.

That which we believe will never happen usually does. Few ever had a vision of a barber pole as beauty hint to girls.

#### A Bad Habit

THE non-voting habit has taken possession of American people. In city and rural communities the report is the same: That the people do not care to Thother to vote. Curiously enough, the country v tricts lately show a higher voting percentage than the Lallots have been provided so the franchise could be exercised with a fountain pen and a two cent stamp,

to an but it has been all in vain. American government today is the result of minprity rule. It is agreed that less than 40 per cent. of for breakfast or for dinner in some e eligible voters mark their crosses. Is it surpris- appetizing dessert. county and state expenditures and, consequently, taxes washing, soak one pound of prunes A are rising steadily? The present regime of indiffer over night. In the morning cook unence on the part of the voters offers a magnificent opportunity for the governmental bootleggers who a not only feathering their nests but putting thru their own pet projects with immunity. The remedy is not pulpit or platform address, or even in finding nonvoters as the Australians have attempted to do, but it 'thru indifference reach such a point that in the end. sovernment offices are doing.

PHILADELPHIA hardware dealer, C. A. Turner, ler to paint the porch roof or tinkers with the electric A sending out his broadside to the trade gives some wiring, if he keeps uppermost in his mind that the hazvery interesting facts regarding the natural increase in ards of the home are equally as great as the hazard: of the highway.

## Red Cross Achievements

with our expanding numbers. It means that each year TITITH the period for the annual campaign for Red we must have 400,000 more automobiles, 1,300 more W Cross membership near at hand, the review of Red locomotives, 48,000 more railroad cars; the farmers Cross achievements during the past year, given recent must raise 20 million more bushels of wheat and 60 by by President Coolidge at the annual meeting of the million more bushels of corn, while the mines must American Red Cross in Washington, has more than
