# Candidates For Town Office

On the Democratic Ticket

This year may be called an "off year" politically, because there are no state officers to be chosen. But it is one of deep moment locally, as officers are to be elected next Tuesday who will have the charge of the affairs of the Town of Andover for the next two years.

Andover Democrats are proud of the candidates they have chosen for town offices. Each and every one of them possess the qualities that fit them individually for the office for which they have

COUNTY CLERK.

It is not often that Andover electors have the opportunity to vote for one of their own citizens for a county office. This year we have just such an opportunity in the candidacy of Mrs. Della Frisbey Porter for County Clerk. That Mrs. Porter is eminently fitted to conduct the affairs of the county as its clerk there is no question in the mind of any. In past years when a candidate from Andover has run for a county office it has been the custom to give them a complimentary vote. Repeatedly Democrats have been asked to support those not of their party because the candidate was an Andover resident. They have done so. Now is a good time to pay back some of these obligations and vote for Mrs. Della Frisbey Porter for County Clerk.

SUPERVISOR

Joseph L. Williams has been the most efficient Supervisor of the Town of Andover the past four years. No one has had cause to regret that fact. Everyone knows that it takes a few years for a Supervisor to become acquainted with the werkings of the Board of Supervisors, so that a " -man cannot do for the town which he represents anywhere near as much good as he can after he h held the office a few years. Mr. Williams has conducted the affairs of the county government such a splendid way that he has drawn unstinted praise from all—tho of a different political party from the majority—who have had to check his accounts and reports or who have been associate ed with him on the Board.

His work on the Town Board has lent real value to the town's business, and he should be fer turned to office with a much greater majority than he has ever received before, thereby showing ot appreciation to him of the many things he has accomplished for the Town of Andover. The only way we can show our appreciation of the good work done by this faithful servant and honest official is to return him to office with a big majority this year.

TOWN CLERK

J. D. Cheesman, the Democratic candidate-for-Town-Clerk, is an able business man of Andover. He has had experience and knows how business should be done and does it that way. He is the present most efficient Town Clerk, and has conducted the business of his office in such a thoro and businesslike manner as to merit the return to that office for another term. Mr. Cheesman's advice and council on the Town Board the past term has been a most valu His persistent economy and splendid acumen has been the means of saving Andover

taxpayers hundreds of dollars during the two years he has served as Town Clerk. Show by your vote next Tuesday that you approve of his work in your behalf.

JUSTICE OF THE PEACE

There are none in Andover who will not freely and readily admit that Ames L. Rogers, ' didate on the Democratic ticket, for Justice of the Peace, is as honest as the day is long, that he never has and never will do anything that is not honorable, square and just to his fellowmen, under whatever circumstances he is placed. Is that not the kind of a man the people of Andover want and need for Justice? Leo DeRemer is a young man of good character, and capable and stands well in this commun He will also make good as Justice of the Peace if elected to the office.

Mrs. Nona F. Horan, as a candidate for Collector, is eminently qualified to fill that office. She

a woman of fine character, splendid ability and will make Andover as fine a Collector as it has ever known.

There is no more important office in the gift of the people of a town than that of Assesson They have much to do with the prosperity of the town. A just valuation of property is as essential to the welfare of the people as is economic government. It requires men of the very highest type is manhand and the very highest type. of manhood, and the best of judgment and unquestioned integrity to acceptably fill the office of Astessor of a town. Al. Wood and Henry Joyce are both just such men. They are both broad have h ed men who would not stoop to allow personal feelings to influence their official action. experience and mature judgment as to property values and will do their best to see that none are injustly dealt with if they are alarged.

unjustly dealt with if they are elected Assessors of the Town of Andover. All of the other candidates on the Democratic ticket are people chosen because they are part.

ticularly fitted to fill the position they have been named to. Vote the straight Democratic ticket and you will have the satisfaction of knowing that you have the satisfaction of knowing the satisfaction o are supporting candidates that are worthy and fitted to hold the office.
