| Chauncey Depew Passes | President Proclaims American Forest Week

sion of our forests and of what must be done to safeguard and restore them. Among the agencies making for progress in this direction, American Forest Week has proved its usefulness, and I am glad to proclaim it again and to announce that Canada is again concurrently observing a The rehabilitation of our forests demands first of all that the forest lire evil be suppressed. Many of our forested states, with the co-operation of timberland owners, have undertaken organized protection against fo

tive enterprise must be extended and strengthened until every forested, county in the United States is safeguarded against forest fires. But we are still far from the goal of complete protection. Every year, on the average, 80,000 fires acourge our woodlands, steadily undermining their vitality. For this bad situation, the blame falls equally on us all. Public agencies rarely provide adequate protection against the timberland owner is too often indifferent to his property, the forest worker is too often neglectful of the future forest; the average citizen is too often careless with fire in the woods. We must all gain such respect for the forest that its destruction thru indifference or carelessness

shall be unthinkable. We cannot permanently abuse our forests with impunity. The soil i In memory of Sister Anna Carr, the ultimate source of all our wealth and of life itself. One-fourth our American soil is best suited for forests. Much of this land is already Again that unwelcome yet relent- idle. More of it is being made idle by deestructive logging and fire.
