Then she roused at the realizatin that, if she could not mur- I' der a sleeping man, she could at least disarm him. With Olive deprived of that knife, and her own retained, who could tell? She might have some shred of chance. She put the blade into her dress and began to crawl forward. She had got within a dozen feet of the savage, moving with caution, when, unexpectedly, easily, almost as it seemed automatically, he opened his eyes and sat up. It was as if he for her to do just this thing.
