from your old car

THE Model T Ford is still a great car. It led the motor

industry for twenty years and it is used today by more people

than any other automobile. More than eight million Model

T Fords are in active service in city, town and country, and

many of them can be driven for two, three and five years and

The cost of Model T parts and of necessary labor is

New fenders, for instance, cost from \$3.50 to \$5 each,

with a labor charge of \$1 to \$2.50. Tuning up the motor

and replacing commutator case, brush and vibrator points

costs only \$1, with a small charge for material. Brake shoes

can be installed and emergency brakes equalized for a labor

charge of only \$1.25. A labor charge of \$4 to \$5 will cover

the overhauling of the front axle, rebushing springs and spring

The labor charge for overhauling the average rear axle

A set of four new pistons costs only \$7. For a labor charge

All of these prices are approximate, of course, because the

cost of materials needed will depend on the condition of each

car. They show, however, the low cost of putting the Model

The Spirit of Working With and for One Another---Cooperation---Is the Vital Force In the Development of Any Community.

The development of Andover has been due to the loyal effort of progressive men and women of our community circle.

What wonderful progress we would make if every citizen of Andover were included in this circle! How rapidly we would forge to the front in growth and prosperity; the center of business and social activity, with the best schools, churches, parks and public improvements.

Whole-hearted cooperation by that part of the community circle consisting of the business and professional interests is assured.
