When Dr. Caldwell started to 1 practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So !!. he wrote a prescription for a larative to be used by his patients. The prescription for constinution that he used early in his practice. and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid W women, children and elderly people and they need just such a mild, safe, 21. 13. KEEP LIGHTS BURNING

CUMMER is the burglar's best seacon, for then many homes are left empty. People are away on vacations —out to enjoy long evenings.

So, before you leave the house, turn on a light or two. The cest is less than a stick of candy—less than the least article that might be stolen.

Interconnected power plants of the Niagara Power System supply electric service where and when it is needed. Generating expenses have been reduced to a minimum. Operating costs have been lowered. All these savings are reflected in your monthly bill.

Niagara Power Service actually costs less today than in 1914. You can afford to use it freely.
