Seed Prices

The 1932 crop of good Timothy and Clover Seed has largely moved from the growers into the warehouses of the large distributors and all who have studied market conditions confidently expect prices to move higher.

We are booking orders at prices based on the lowest quotations that have prevailed since prices were made last August. We know they are very low and as we guarantee to protect you against any decline you can make no mistake.

See us before placing your orders. You can save money by trading with us.

Don't Feed Lice

You can figure nothing but loss from the operation.
Use Gray Lawn Louse Chase, it is positive in action. Apply sparingly as directed, a little Gray Lawn goes a long way, that is why its use costs so little, about three cents a head for full grown cows.

Many of our best stock growers use Louse Chase exclusively when circumstances require it—it will pay you to do the same. Large can \$1.00.

Bridge Tables

A few left that are made with the round metal corners which adds much to their stability.
Your guests will appreciate this feature, particularly when used for a serving table; it certainly spoils the whole afternoon for that person who catches a lap full of luncheon on the front of some choice party clothes.

Dump the rickety wrecks and replace them with a real table while you may do so for only 98c.

Dangerous? Yes.

Look out for old inner tubes in cold weather or when the roads are coated with ice. A blow-out then means an awful bump—there are no soft spots on which to land.
Emerald pure gum Tubes will carry you safely and as they sell at 85 and 95 cents for all casings in the lower brackets, are mighty cheap accident insurance. Your size is here.

Tickling

In your throat or bronchials is so unpleasant and indicates a condition that should have attention.
Horehound is regarded as a standard remedy for ticklish air passages and when compounded with rock candy in right proportion, makes a cough drop that touches the spot and is easy to take.

Buy your winter's supply of Horehound Cough Candy this week-end and start the New Year right. 15c a pound, 2 for 29c.

Have You Seen Them?

The new Step-on Garbage Cans. Better finished, heavier inside container, cameled in Ivory, Blue or Green. Sanitary and an ornament to any kitchen. New price, 79c.

Machine Needles

Don't pay aside your sewing machine for the want of a needle, shuttle or bobbin. We have or can supply these parts for ALL MACHINES—also the Boye long service non-slipping Belts, and Boye Stainless fine Lubricating Oil.

With this equipment many old sewing machines that have been very annoying in other days will yield you a fine quality of service, just give them a chance.

Casco Glue

For the particular job where others fail, Casco is all glue, full strength, water-proof, clean and easy to use. In packages priced from 10c up.

Coming Soon

Enamel Dish Pans with square corners to fit your sink.

Burned Out Bearings

Come to car owners as the result of poor oil or no oil, and the cost of replacing one burned out job will pay for enough good fuel to supply the ordinary motor for a year.
The 40-60 Veedol people are out with a new oil called Tides, and it will give you long and safe lubrication.
