## Pet Words

TIS supposed that there have always been pet words, THAS been said that no other country has so many varieties?" I for people in their use of language today are much law-breakers as the United States. And no other the same as they always were. Probably what seems country has so many laws as we have to break. There soil with good drainage and with to be the more frequent reoccurrence of such words can be as great a detriment in too many laws as in too plenty of top soil is suitable for chance of coming before the public eye since we have age citizen cannot pursue a normal life without conmore writing due to our highly developed field of tinually breaking laws. journalism and publishing.

objectionable, altho some of them are sadly misused many in all walks of life. In a greater portion of Constance, Columbia, Premier. Kil-There is nothing wrong with the word reaction yet we these infringements of the law, they are against reg-larney Queen and Dutchess of Weldo weary of it, so often do we see and hear it used. ulations that are obsolete or foolish in their origin-lington. Contact is a pet word with many and yet not a threatened.

of contacting a man which, in the true sense, is pre-|enforced, there would not be enough courts or officers| posterous. High pressure salesmanship seems to be re- to handle a fraction of the number of apprehensions. sponsible for this term. The word current is oftentimes used when the enforced.

is a pet word with many, yet the meaning that they quated laws and unenforced laws and to the enacting are supposed to convey is never quite clear to the of practical regulations that would make our entire reader or listener.

Everyone is entitled to a choice in words and may make favorites of them to good advantage if the choice is wise and correct. But even good words can be used the Pacific if the League of Nations does succeed too frequently so one should not have too many favor- removing them from Jap control. ites and perhaps we should say they should not be made such important favorites. The practice is deadening to style and destructive to vocabularies, besides being wearisome to the reader or listener as the case THE motorist has gained the rare, if not welcome, dis-lany house he visits, and do it with-

in either display advertising or in

Perhaps you have a fine stock of goods of exceptional value. Perhaps it is quoted at extremely moderate prices. Your windows may be more attractive than any in town. But who knows those prices if you don't consistently advertise them? What proportion of your trading area population passes your windows when compared with the number of prospects that the Andover News talks to every week? This paper has for years been helping to sell merchandise successfully for the most progressive merchants. It is a Magic Carpet of Trade.
