"Mummie, I want to go to the zoo to see the monkeys."  
"What an idea, Arthur! Imagine wanting to go and see the monkeys when your Aunt Jane is here!"

### Sugar Tools

Tapping bits, sap spouts, buckets, pails, syrup cans, syrup testers. Use good tools, make good syrup; syrup that is clean, clear, standard weight and having that peculiar delectable maple flavor to the last drop and you will have no trouble in selling your crop at a good price.

Use a syrup tester, don't guess—the customer who buys your syrup and finds it only fit for vinegar, or with a lot of crystal or black settlements in the bottom when ready to use it, next fall will say to heck with pure maple syrup—and will buy Karo or torn syrup next time and maple sugar makers have lost a consumer.

You can't build a business or an industry on low quality or shenanigans. You may sell one lot and get away with it, but you will have to look up another sucker to peddle your junk the next time. "Chickens do come home to roost."

### Wanted

Holstein Bull, 18 months old. Ask us.

### Paper Towels

Save your wash woman the hard job of cleaning hand towels; use Crepe Paper in rolls of 150 at six for one cent. Cheaper if you buy them by the dozen rolls.

### Candy

A lot of new prices and some Easter goods on the table this week. We are getting some fine compliments on that 10 cent Chocolate Coated Honey Cream. It's a fine piece of sweetness for only a dime a pound.

### Bulk Garden Seeds

If you are starting a hot bed, cold frames or just some boxes on the window sill, our seeds are what your efforts deserve.

Leonard's Seeds produce quality, quantity and come in variety to suit every taste. We have sold Leonard's seeds for 15 years. Maybe there are better; so far we have not found them.

Always dependable, true to name and productive of both a larger yield and more tasty quality.

### A Penny Saved

With money as tight and hard to get as it is these days, you cannot afford to take any chances with the quality of seed you buy this spring.

Regardless of how carefully you prepare the soil or the quantity of lime and fertilizer you use, your crop will fail if you let some one sell you poor seed or seed not adapted to our climate.

The American Agriculturalist in its issue of January 21st, 1933 prints a very clear cut article on this important question. If it is available be sure to read it.

Buy your seed from a firm in which you have absolute confidence and within the borders of your own state, thereby getting the protection of its pure seed laws; know for yourself where the seed was grown, read carefully the certified tag on each bag, giving purity and germination; get samples of seed and have your station make an analysis for you. The matter is important enough to command your time and attention. You can't save a penny by buying poor seed at a low price; you will only be penny-wise and pound-foolish.

Our seed is the best to be had—grown in a locality that has climate much like our own. We invite inspection and test. Our prices are very low for the quality we deliver. Booking orders now for delivery when you wish; price guaranteed against decline.

### Clothes Cleaner

The bulk preparation we offer is doing a fine job of dry cleaning; no water, no soap, no nasty must.

It is safe and pleasant to use, burnable but under any ordinary conditions not explosive. Bring your own container—10c a quart, 35c a gallon.

### Electric Percolators

Make coffee with your electric current. One-third off our regular prices on our entire stock of this item.

Suitable for bridge prizes or kitchen showers.

First Barber: "What makes you so late?"

Second Barber: "I was shaving myself and before I realized it I talked myself into a haircut and a shampoo."

Regular meeting of Edward Seaman, W. R. C., Saturday night.

James, seven-year-old son of Mr. and Mrs. D. T. Gray of Bolivar, fell from a building fracturing his arm recently.

Enjoy your jig-saw puzzles and forget to think. It's a good nerve tonic in these times and perfectly harmless.

Mr. and Mrs. Elmer Bixby entertained at a supper party Friday evening in honor of Mr. and Mrs. F. S. Potter.

Allegany county will hold a two-day potato show and school in Belmont, Wednesday and Thursday, March 8 and 9.

The Thomas M. Lynch American Legion Auxiliary will meet next Tuesday, March 7th, for a 1:30 o'clock luncheon at Legion Hall.

Mr. and Mrs. Frank Slocum have moved from the Stearns farm to the house owned by Walter Edwards, corner of Pleasant and East avenues.

Mrs. Robert Dean entertained the A. O. T. Club Tuesday evening at a 7 o'clock dinner, followed by bridge. The prize was awarded Mrs. Carol Carpenter.

Mr. and Mrs. E. E. Orvis entertained Friday night as supper guests Mr. and Mrs. Earl Schoonover and family of South Hill and Mr. and Mrs. John Dodge and family.

The O. P. Thurston home in West Clarksville was destroyed by fire last week. The fire caught from an over-heated stove. The home, an old land mark, was built over 100 years ago.

### Celebrate Wedding Anniversary

Mr. and Mrs. Carroll Ruger were assisted in celebrating their wedding anniversary on Monday of this week by relatives and friends, who came laden with the makings of a bountiful dinner. They also received many cards and good wish tokens that also helped cheer up Mr. Ruger who has been confined to the house by a two weeks illness. Those in attendance were Mrs. T. R. Bassett, Mr. and Mrs. Ralph Burgett and son Jimmy, Mrs. Edward Teasdale, Mrs. Wm. Woodruff and daughter, Joan, Miss Pauline Martin and Mrs. Lillian Cartwright.

### Won Contest
