ALLEGANY BOYS LEAD THE STATE 186,000 Trees Have Been Ordered by Allegany Co. 4-H Club Members for Planting This Spring. 4-H Club members in Allegany county will again lead New York State in the planting of forestry seedlings. This is the second year that they have achieved this leadership, having planted 159,000 trees in 1932, and requesting 186,000 for the present year. The Norway spruce has again been the most popular specie ordered, being desired for Christmas tree plantings. Many red pine, larch and locust have been ordered. The trees will be delivered during the latter part of April to the many communities in the county. At each community a planting demonstration will be given by the county club agent. Applicants for the trees will receive their trees at these demonstrations. During the summer months each project will be visited by a local leader, who will make a report to the county club agent. Club members owning the best plantations in the county are awarded prizes by various organizations in the county and state. Many club members who have received free trees in previous years have purchased one or more thousand this year, bringing the total of trees being planted by boys and girls to well over 200,000. A tentative goal of 100,000 was set up by Allegany County Junior Extension Committee.
