Customer: "That new clerk you've got seems to be a steady young fellow."

Boss: "Yes, if he was any steadier he'd be absolutely motionless."

Utilac

A peculiar product from the laboratory of the Benjamin Moore Co., and is a base liquid for a large variety of paint product.

It is very elastic, very tough, quick-drying and may be used as a filler, a varnish or with color added as an enamel.

We furnish it to you clear black, white and 16 beautiful colors which are fadeless and the more wear and rubbing you give them the better the finish.

Get a color card and find the many uses for Utilac. It has many imitators, but they all fail to meet the standard set by this wonderful product.

It spreads as easily as oil paint, flows out, absorbing brush marks and lags, dries in four hours and costs less than most of its imitators.

No Infection

When you use Nailor's Dialators for test appliers, obstructions, bruised or cut tests and hard milkers; you get results and loose no quarters.

School Supplies

A large assortment of pen and pencil tablets at two for a nickel. Wax Crayons for the drawing class, ten assorted colors in a window front holder for five cents.

The best Pencil in town, two for a nickel.

You save here on all school supplies and have a wide selection.

Vigoro

For your hot beds or plant boxes—use a fertilizer that is all plant food and see how much more rapid the growth and greater the vitality.

Ten cents' worth of Vigoro will add dollars to the value of your plants.

She: "What business is Harry in?"
He: "Stocks and blondes."

It Isn't Your Sink

People come in and tell us their sink is stopped up. We know that is not the trouble—it's the trap or the waste pipe.

Trapene is what you need for this condition. A new product made by the Hip-Co people.

It has been thoroughly tried and we hand it out with confidence. The Hip-Co. people have been making their products outstanding in quality and efficiency for many years, so when they hand out a specific article they know it will do the business.

Use Trapene for choked traps—large can—25c.

Syrup Cans

Our stock this season has a double sealer in the screw top; the bottom disc is made from a soft metal that is forced into the opening, seals it perfectly, saves contents and you will find no mold or discolor in the neck or screw cap with this double sealer.

Your syrup in this container if right when it goes into the can will bring buyers back for more.

Shoe Bottoms

They take an enormous amount of punishment and unless extra good wear thru quickly.

Cement-on Pure Gum Soles cut shoe repair bills in half. Watch the bottoms, use Cement-Ons before they break and you double the useful days of footwear, with the added comfort of being dry shod all ways—10c, 15c and 25c a pair.

Release

People who have waxed floors know that it is a back-breaking task to keep them touched up, polished and looking fit.

You may obtain a release from this continual grind by having a bottle of Drice Bright, a liquid wax preparation that gives you all the protection and appearance of a hand polished job without rubbing; just apply as you would ordinary wax; and when dry your task is complete.
