Settling the Prohi Question

TI IS evident that we will not have to wait many I months before the true sentiment of the people con- the possibilities of further absorption of cold. cerning the prohibition question is known. Congress has passed the repeal resolution and it has been submitted to the states for action.

The resolution provides for a convention in each state which would vote on the measure. It must held within a period of two years and 36 states must become effective.

represent the direct voice of the people and the result will be final and conclusive.

fight over the matter may not develop. Both wets and are encouraged into action by chill, dampness, impure woods last longer than chestnut, at "Stand forth," he said to the poor can add a single day to his life?" drys are now mashalling their forces in an attempt to air or unpropitious weather. swing the outcome in their favor. Charges and countercharges are already being made. Dire results are 1 the election, just as soon as possible and economically 1^{1} as possible? The question would be settled according to the majority views of the people and we would again be free to turn our attention toward other things.

Considering expediency and economy, a large con-post is a composer. vention is not needed. Fifteen to twenty persons could fill the bill adequately. Some states are already considering a convention of hundreds which seems to be utter folly. Why are so many needed? Cannot one CIR MALCOLM CAMPBELL of England recently sent sote would reduce the latter item SUGAR, (fine granulated)
