To Repeal Excessive Truck Tax

The Motor Vehicle Committee of the Assembly has reported favorably Assembly Bill Introductory 2, Print 2, introduced by Assemblyman Fayette Pease of Lockport, N. Y., and at the session of the Assembly held March 22 the bill was advanced to the order of final passage. This bill would repeal the temporary 65 per cent. surtax imposed on trucks and buses by the 1932 Legislature.

Assemblyman Pease is to be congratulated on the work which he has done during this session of the Legislature to have this unjust tax repealed. Even before the session convened Mr. Pease came to Albany where he conferred with officials of the New York State Motor Truck Association, Inc., and had the bill drafted which was introduced on the first day bills could be introduced in the Assembly and yesterday he was rewarded by seeing his bill advanced to the order of final passage in the Assembly.

Assemblyman Pease is also introducing a bill which provides for a refund to those who have already paid the 65 per cent. tax.

Ways To Use Honey

Do you know how to make use of beautiful and inexpensive New York honey? Here is a suggestion:

HONEY & NUT BRAN MUFFINS

1/2 cup honey
1 cup flour
1/4 to 1/2 teaspoon soda
1/2 teaspoon salt
2 cups bran
1 tablespoon melted butter
1 1/2 cups milk
1/2 cup finely chopped English walnuts

Mix together the flour, soda, and salt, and mix them with the bran. Add the other ingredients and bake 25 or 30 minutes in a hot oven in gem tins.

Recipes in this series have been gathered by Consumers Information Service of the New York State Department of Agriculture and Markets from state and Federal sources.

SPRINGTIME MISTS

The lazy sun became so accustomed to sleeping late in winter that he seemed to yawn as he cocked his eye over the hill beyond the village.

The grandfather and his young grandson had eaten a hasty breakfast of corn and beans made into hot succotash, and were on their way to the beaver traps before the sun had cleared the mist from the valley.

They wandered through the mist and stopped here and there to see if the willow traps had snared a beaver, until their trail finally led into the low valley near a big swamp.

Here they found their traps had been successful; proudly they bore home on their shoulders the pelts of two beavers.

Down the trail they walked with their moccasins making a crunching sound as the leather pressed against the half frozen mulch and leaves; at length they reached the village.

The old lazy sun had finally risen above the hill and the clouds of mist sailed away as the shafts of his rays warmed the ground.

The young boy asked the old grandfather, "Why do we have mist in the springtime?"

The grandfather hesitated, for he did not know the answer. Then he looked at the boy with a smile and said, "All winter long, when you washed each morning, you put the water only on your cheeks and mouth; so I guess maybe the mist comes so that you will be washed behind your ears."

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

She: "Are marriages made in heaven?"
He: "If they are, a new shipping clerk is needed up there who won't get the wrong addresses on so many of them."

Fishing Season

How about it opening on All Fools' Day? Is it just a coincidence or a joke on the game warden, the fisher or the fish?

Take it any way you like, we are ready with a new supply of Hooks and Sinkers, Lines, Rods and Reels, the kind that lures and lands the big ones if you make your cast according to the latest approved Isaac Walton rules.

Prices are quite in line with 1933 levels, double Shelled Quality Hooks up from 40 cents a dozen; 84 foot 20-pound test braided lines from 10c up; Mottled Bamboo Poles, 12-14 feet long, 10 cents; a real good Reel 80 yard capacity, nickel plated 65c; others from 10 cents up.

Don't Say It

For the same purchase price you can buy two and one-half to three times the high quality field seed that you could buy in 1931.

Don't let anyone tell you that you can't afford to buy seed this year. It's lower priced than anything else. Buy the best seed and if you must economize try using a little less quantity on a better prepared seed bed—you might be agreeably surprised.

Don't try this except with verified seed of highest quality, otherwise you will find yourself in that old tangle of spigot and bung-hole.

We shall be pleased to book your order at the present low prices and protect you any way the market turns, with this guarantee you can't lose.

Brooms

Many of them are just an excuse for making sweeping harder work.

Try a No. 6 Morning Glory the next time you buy a broom and feel the difference; price now reduced to \$1.00. You say a lot of money to pay for a broom; maybe so, but here is our offer: Buy a No. 6 Morning Glory, wear it out—and if you don't say it's the best broom value you ever owned we will pay you back your dollar for the old broom you have worn out.

Corn Ground

When you get your Corn Patch fertilized and fitted in first class shape—it deserves the best seed that you can buy.

Over a long period of time with many tests, no seed corn has been found that will produce the quality or quantity of Giant Ensilage.

Every kernel grows a large vigorous stalk and two big ears of the best feeding corn possible to produce. For ensilage or green feed it pays to plant the best.

Dull and Shabby

You look at the old bus and wonder if you can get thru another season without a new paint job.

If you would remove that grime and road film you would get a pleasant surprise. The finish they put on cars these days is wonderful; it stands all sorts of abuse and hard wear for a good many seasons; if given any sort of a chance to occasionally show its face.

If in any doubt about cleaning and what it will do let us demonstrate Simoniz. Just drive up to our place and ask us to show you.

If we can't do it we are out of luck, no obligation; we want to satisfy your curiosity and ours.

You Bet

Cement-on Soles save shoe bills; be thrifty, use them for the whole family; they are sure-footed, water proof, reduce wear on finished floors and are almost noiseless.

Priced now at 10, 15 and 25c.

Blue Blades

The latest and best of double-edged blades and the only blue blade that will fit all models of Gillette Razors.

The guarantee—More and smoother shaves or your money back.

Spread It On

Wipe it off and the dirt's gone—quickly, easily—brightness restored, and without injury to paint or varnished surface.

The answer is DIC-A-DOO—try it, maybe you will save a paint job until next year.

He: "Haven't I seen your face before somewhere?"

She: "I shouldn't be surprised. I seldom go anywhere without it."
