### Modern Methods - -

# Conservative Principles H The World Wide Guild girls meet this Friday evening with Miss Alice

We agree with the New Blood

, Modern methods in business have proved their worth in hundreds of cases—tempered by the conservative principles as ancient as business itself . . . . With the successful and progressive young business men of the day we fully agree in spirit and in practice—which probably explains one reason why our list of younger depositors looks like a directory of successful junior executives . . . Let us serve you with the most modern, yet conservative practice.
