## Modern Methods - -

## Conservative Principles

We agree with the New Blood

Modern methods in business have proved their worth in hundreds of cases—tempered by the conservative principles as ancient as business itself . . . With the successful and progressive young business men of the day we fully agree in spirit and in practice—which probably explains one reason why our list of younger depositors looks like a directory of successful junior executives . . . Let us serve you with the most modern, yet conservative practice.

## Burrows National Bank

## Publishers Meet

A meeting of the Allegany County Publishers' Association is being held at Ye Olde Tavern at Wellsville, tonight, April 14th.

## Allegany Valley Federation

The Allegany Valley Woman's Relief Corps will meet in Andover Tuesday, April 18th at I. O. O. F. Hall for their semi-annual meeting. Morning session convenes at 10:30. A good attendance is expected.

## FOR SALE

Advertising in the columns of the News. Give it a trial and build up business.

The beautiful lustre so desirable in furniture is acquired mainly by rubbing off all excess oil after each application of oil, and then by rubbing the wood for a long time.

## Dates Claimed

April 28 and 29—Andover High School Operetta.

## BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

## Not Applied

"Why do you speak of your husband as a theory?"

"Because he so seldom works."

## Easter Means Eggs

What Easter breakfast would be complete without eggs?

In order to make them at their very best they must be properly cooked.

We have all the necessary cooking utensils for such a job. Poachers, skillets, fry pans, etc. If you eat toast with your eggs we can also supply you with toasters in electric pyramid or wire at prices to suit the customer.

## Old Fashion

Yes, we agree, but some things have sustained themselves because inventive genius with all its efforts has failed to make improvement.

This is particularly true of Cooking Utensils, made from heavy cast iron, especially those designed for preparing the most savory and edible meat dishes—the Dutch Oven is pre-eminent in its line.

To this we might add Chicken Fryers, Grasshopper Skillets, and the new Silverite Frying Pans.

The high price that has prevailed on these items has deprived many of their enjoyment but that obstacle has been removed. You may now buy a Dutch Oven that will last a life time for \$1.00, and the other items down to as little as 69 cents.

## Babies

Sure the crop of babies has been good this last year, but how many of them are without their own bath tub? We have them in white enameled ware in different sizes and priced from \$1.79 to \$4.39.

## Paint

Small cans for small jobs where there are a few places that need brightening up. An assortment of colors at 10c per can.

Don't forget, however, that if you have chairs, tables or other pieces of furniture to paint, that Utilac is still the best paint on the market for that purpose.

The Nag: "You're going to drive me out of my mind!"

The Nark: "That isn't a drive, my dear—that's a putt."

## Sweet Peas

Again we have the same excellent variety of Spencer's Sweet Peas. In bulk 10c per ounce or three ounces for 25c.

If you prefer solid colors we have them in six shades at 10c per package.

Friday of this week is the day to plant them.

## Onions

Do you know yours? If you stick your patch with Leonard's Ebenezer Onion Sets, you will find yourself with the largest crop of the grandest fruit (in the onion line) that your garden has ever produced.

That goes for Green Onions and for your winter supply—well you will just have to see for yourself, but believe me, when you give these Leonard's Ebenezer's a chance to show what they can do you will have something to brag about.

Sets or Seed; we have both and prices are the lowest in years.

## Harness Repair Time

Is your harness ready for spring work? If not, you will lose time some day when you ought to be sowing oats.

Better look it over and put in that extra rivet, hame strap and extra snap so you will be ready for work when the time arrives. Also a good oiling will help preserve it.

## Pitching Shoes

Gravel the courts and get your game going.

Drop forged double ringer Shoes at 89 cents a pair.

## Flower Wire Guards

If you wish to protect that choice shrub or tree put a wire protector around it.

We have this material in plain and scalloped top. Made of galvanized wire to last a life time.

Come in and tell us your needs and we will give you prices made in any size you wish.

## For a Dime

A long line of Paint, Varnish, Stains and Enamels in 10 cent cans.

"Nurse, did you kill all the germs in baby's milk?"

"Yes, ma'am, I ran it thru the meat chopper twice."
