## BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

### Safety First

"Did you tell Mr. Beinlich that he is father of triplets?"  
"No, he is still shaving."

### Cooking

An every day job for the home keeper, no matter what the weather hot or cold, wet or dry.

We are now showing an unusually long line of Gas Cooking Stoves that are adaptable to any size family or condition at home.

We start with a three-burner complete cooking and baking unit that you may own for \$9.98. Then a regular four-burner Range at \$14.98 also cabinets, consoles, table tops, bungalows and combinations in a wide range of prices to match any pocketbook.

Sold on contract or at special prices for cash. Cook in comfort this summer and let your savings in fuel pay for the new range, improved burner, construction gets the heat from the gas more quickly and with less waste.

### Get Ready

A. A. Horseshoe Pitching Contest at the New York State Fair as usual this year.

County Farm Bureau Agents have charge of entries for this tournament. Get going and show them what Allegany can do.

We carry the shoes in approved weights and shapes—priced at 85c a pair.

### Like a Door

You may have them open or closed or at any intermediate angle. Referring to those hinged Curtain Carriers, divided in the center, each curtain independent of the other—they swing like a crane.

For dark days, washing glass or any other reason just swing them back against the wall entirely out of the way.

They save washing, save curtains and frequently save temper; they are rapidly replacing the straight rods now in common use.

We supply crane Curtain Hangers, any style or finish to meet your particular need or fancy.

### Inflated Balls

Big Balls for little people—safe indoors or out. Wonderful value at a dime.

"Allow me to present my wife to you."  
"No, no. I've got one already."

### Worms and Bugs

If you wish to reap what you have sown from your fields and gardens you must at once reinforce your front line trenches against that army from the insect world that is even now forming itself in battle array to bring your hopes and efforts to naught.

In this fight for insect subjection you need a knock out preparation that will destroy all along the line; heretofore it has been very difficult to obtain a universal exterminator—the products were limited in action. Now chemists from Ansbachers laboratories have produced KU-BA-TOX, a non-poisonous insecticide that will destroy the wide array of those pests that blast the gardener's hope.

We have KU-BA-TOX in bulk—it is safe, sure and low priced. Get your supply and get busy.

### H-T-H 15

A preparation of Sodium Chloride that searches out and kills bacteria. The one particular place where it shines is milk protection; it enables you to produce top-grade milk at little or no extra cost.

When prices are low and there is an over-supply, milk stations are mighty particular. It's the man with the best milk that gets the breaks. One more back some muggy morning would more than pay for H-T-H 15 for a whole year.

Available now in powder form for 25 cents. You can make a gallon of standard solution that formerly sold for \$2.00. Get acquainted with the remarkable results achieved by the use of H-T-H 15. Every dairy and home should use it constantly.

### Croquet

Open season now here when Cal comes out in his straw hat it is time to put out the wickets.

We have a new and very attractive line of Croquet Sets this year and at lower prices. We are proud of their appearance and quality.

### Dried Beef

Packed by Beech Nut in vacuum tight glass jars that sell regularly at 25 cents.

Saturday-only two for 29c.

If the buying power of the dollar isn't buying us too little then it's buying us too much. It never seems to hit the mark.

## Try the New SOCONY MOBILGAS with CLIMATIC CONTROL

Socony Mobilgas is a brand new product with a new name, a new idea and a new value. The new idea is Climatic Control, an exclusive feature which prevents loss of power due to weather changes—weather changes which affect ordinary gasolines. The new value is the highest anti-knock you have ever been able to buy in a gasoline at regular price. Socony recommends the new Socony Mobilgas for your car.

Why not give it a thoro trial on your Holiday Trip?
