Ladies Playing Softball

The Rebekah girls started the ball rolling and now others are falling in line.

Tuesday evening a matched game was pulled off between selected girl players and it was a wow! The score being 18-19.

The girls are surely getting on to the game and are having a heap of fun. Thursday night a second game was played.

Look out, boys, or the girls will challenge you for a game and beat you, too, just as West Greenwood did.

Manager Shaff will have to take his invariables out for a little coaching if he retains the lead in soft ball. He had to buy lollypops for the gang of softball girls on a wager—and they were not hashful in accepting them.

Be Sure

That you carry an extra set of batteries and a bulb for the flash light on that camping or motor trip, it is just maddening to have the light croak at a critical time and no supply within many miles.

Our 10 cent batteries are worth the money—we carry those selling at a nickel for those who wish them.

Boy Scouts Enjoy

First Outing

Last week the newly organized Boy Scouts had their first experience in sleeping out. The boys, 16 in number, including assistant Roger Tuttle and the leaders, Dick Harder and Fred Mulholland, with blankets, food and frying pans, set out late in the afternoon for Stearns' Gully. Pup tents were set up and fires started over which suppers were cooked. Then around a general camp fire the evening was spent in fellowship and story telling. The going to bed and quieting down was not easy but was finally accomplished despite the dark shadows. Of course there was no need of fear (as Kipling said of Gun Ghadin) as an (armed???) guard was on duty to keep off wild animals and human foes of any description. And this guard being changed every half-hour was always fresh!

The night finally passed and no alarm clocks were needed to stir the camp. Breakfast was prepared in the open and the boys packed up and hiked home, having enjoyed this first real experience out in the open, even tho there was some hardship and discomfort attached to it.

The Pennsylvania game commission have authorized the first legal season for trapping of beavers since 1895. The open season will be from March 1st to April 10, 1934. The limit is six to a person.
