Mrs. Flora Woodruff

The many friends of Mrs. Flora Woodruff were shocked on receiving word of her sudden death early Sunday morning, August 20, at her home near Santa Barbara, Calif. While it was known that she was not in her usual good health, no one expected her sudden passing on.

Flora Bosley was born on July 19, 1859, in the town of Genesee, the eldest child of Bradford and Matilda Bosley. When a few months old, the family removed to Livonia, Mr. Bosley occupying his grandfather's farm, now owned by John Robinson. Here Flora grew to womanhood. In 1877 she entered the state normal school at Geneseo, graduating in 1879. From then on until her marriage to Mr. S. G. Woodruff on March 5, 1890, she engaged in teaching.

After her marriage, her home was at Livonia Center and here she was ever active in church and Sunday School, the missionary society and the King's Daughters circle.

She was also a member of the Livonia Literary society for a number of years and on the organization of the O. E. S. in Livonia, became a charter member.

Mr. Woodruff's death occurred in 1910, and for a number of years after, she continued to reside in Livonia, but finally removed to California, there making her home with her sisters. Several times she has revisited her old home, going from here last in February of 1932.

Mrs. Woodruff was a woman of high ideals. Always very fond of children and young people, she was always trying to give them a larger and better outlook on life. She was generous, a kind neighbor and a true friend to all.

She is survived by a son, William of Andover, N. Y.; two grandchildren; two sisters, Lucia and Fannie Bosley of Santa Barbara, Calif.; three brothers, William of San Francisco and Georgs and Charles of Livonia; several nieces and nephews and cousins.

Funeral services were held Saturday, Aug. 26, at 4 p. m., at the Presbyterian church, Livonia Center with burial in Union cemetery.—Livonia Gazette.

PICKS ICKES AS ADMINISTRATOR

President Makes Secretary of Interior Virtual Dictator of the Oil Industry Code.

Hyde Park, Aug. 29.—President Roosevelt today named Harold L. Ickes his secretary of the interior, as the administrator of the new working agreement for the oil industry.

The president will name the other 14 members of the oil planning and conservation committee within the next 24 hours, taking under consideration a list of names submitted by Ickes.

As oil administrator Ickes will have the virtual power of dictator over this industry which has been engaged in a war that led to overproduction and a wrecking of prices. Price fixing is possible.

Ickes also is the Roosevelt administrator of the $3,300,000,000 public works program and it is likely he will rely strongly on an immediate assistant, expected to be James A. Moffet, former vice president of the Standard Oil Company of New Jersey.

Two other government representatives are to be named on the committee and the price fixing advocates are expected to get the big majority of members representing the oil industry. K. R. Kingsbury, president of the Standard Oil company of California, is prominently mentioned together with Wirt Franklin of Oklahoma, the president of the Independent Petroleum Association.

Some reports say the anti-price fixers will have two members, C. E. Arnott of Socony-Vacuum Corporation and C. B. Ames of the Texas Company are discussed in this connection.

The name of J. R. Parton of Shreveport, La., has been mentioned as the Independent representative.

Mattison — Avery

Miss Ena Marleah Mattison, daughter of Mr. and Mrs. Melvin Mattison of Elm Valley and Gordon Wilbur Avery of Syracuse were united in marriage August 26, 1933 by Alderman Fred Nicholas at Bradford, Pa.

They were attended by Mr. and Mrs. Frank Moonan.

The bride was prettily gowned in a traveling suit of tan, and Mrs. Moonan in brown.

Their many Andover friends wish them the heartiest of congratulations.

Home Bureau Meeting

The next meeting of the Andover Home Bureau unit will be held at the home of Mrs. W. L. Greene next Tuesday, Sept. 5, at 10 a. m. Topic, second lesson, Low Cost Meals. Leaders, Mrs. Wm. Lang and Mrs. Walter L. Greene.

W. C. T. U. Notice

The Woman's Christian Temperance Union will meet at the home of Mrs. Jennie Flint Wednesday afternoon, Sept. 6th. Members are requested to bring any suggestions or thoughts for the program the coming year.

Harry Ellis

Harry Frasier Ellis passed from life at his home near Stearns Crossing on the Andover-Wellsville highway Thursday morning, August 24, 1933 after an illness of long duration. Mr. Ellis was born at Ellisburg, Pa., June 2, 1873, the son of Mr. and Mrs. William Ellis.

June 18, 1907 he was married to Miss Alice Updyke, moving from Ellisburg to Andover about ten years ago.

Surviving are his widow, one brother, William Ellis of Elmira Heights, a sister, Mrs. Lettie Thompson of Ellisburg, Pa., and several nieces and nephews.

Funeral services were held from the home Saturday afternoon and the remains taken to Genesee, Pa., for burial in Hillside cemetery.

About 300 grooms are required in the racing season at the Lexington (Ky.) track.

Fred Conrad

Fred Conrad was born in 1864 at the family home on Greenwood Hill, son of Humphrey and Philinda Meade Conrad. In early manhood he was united in marriage to Miss Gertrude Stevens whose death occurred about five years ago.

Deceased had been in poor health for several years, which resulted in his death Friday morning, August 25, 1933 at his home on Greenwood Hill.

Surviving are three daughters, Mrs. Gladys Brown of Greenwood, Mrs. Ella O'Dell and Miss Bernice Conrad of Greenwood Hill.

Farewell services were held Sunday afternoon at the Mulholland funeral parlors in Andover, Rev. W. C. Pero of the Methodist church officiating and burial made in the Meade cemetery.

We are celebrating, this month, the tremendous amount of human effort used to bend iron to our needs. Yet that difficult metal is called maleable.

It takes an equally tremendous amount of perserverance and application to keep money moving. Yet that prime mover of business is called a liquid asset.

Iron is maleable, money is liquid; but not because of inherent qualities. These things are made true by the will of people to make things of iron; to do business.

Let us assist in your financial efforts.

Moulting Season

Is a period when poultry and houses should be given special attention—dusting, painting and fumigating now will destroy all lice, mites and disease germs.

Put everything in the best possible order to insure maximum egg production during the days when prices are sure to be at the top.

The use of Louse Powder, Sprays and Disinfectants from our stock insures you a perfect and complete job at low cost.

Honeymoon Fast

There is a story going around to the effect that a young married woman of Corentry decided to go on a hunger strike instead of a honeymoon and had herself locked in a fasting cell.

If she breaks a record of going without food for more than 46 days she receives a prize of $250 and becomes the world's champion faster.

Say, young man, if you wish to avoid anything of this sort in your early married life, have your kitchen ready furnished from our assortment of all enameled beautiful Cooking Ranges. They not only shorten the time and reduce expense of honeymoons, but add much happiness to early married life.

A well fitted kitchen is one of the supreme attractions of a home for brides, new or not so new; our shelves are richly laid with everything to make the culinary department attractive and good cooking not a task but a pleasure.

Hot and Dry

Just the sort of weather that is hardest on auto brakes, making them grab and squeal.

Overcome this and put off relining a couple of seasons by using Lino-Brake, a self-vulcanizing plastic that renews brake band linings and makes them smooth and sure.

Easily applied with brush or paddle, and costs but 75 cents for a tube large enough for four bands.

Will the party who borrowed our ladder to fix their aerial please return it?

Inbuilt Confidence

One of our wise captains of industry voices this observation:

"There is one rule for industrialists and that is: Make the best quality of goods possible at the lowest cost possible, paying the highest wages possible."

When you buy Paint, made by Benjamin Moore Company you may be sure that in its manufacture every detail of this code has been fulfilled and that you are doing your bit to insure the success of the N. R. A.

The best season for outside painting is now; the best paint is M. H. P., a pure linseed oil product that insures protection, economy, lasting beauty and complete satisfaction.

Almost every job requires individual treatment to obtain best results. We have many years of experience and know how to fortify against mistakes. This service is yours free for the asking. We can help you get the very utmost from your paint dollar.

Save the Fat

Fry with the new style Skillet, it has a raised bottom with a groove all the way around to catch the drippings.

Instead of burning and filling the house with smoke; coating walls and woodwork with a greasy film, and saturating the whole place with disagreeable cooking odors, the fat is caught in this groove and saved clean for future use.

Some health authorities advise against fried foods on account of excessive grease absorption; this greaseless fryer overcomes that objection. It is also a practical cooking utensil that will suggest itself for many uses in advanced cookery and we are sure progressive homekeepers will wish to add one of these utilities to their cooking outfit.

Made from fine polished, close-grained iron, low in price and will last thru several generations.

Square Tubs

Have now been on the market long enough to prove their worth and general acceptance by all who use wash tubs.

Made from copper-loy hot galvanized material and cost no more than the old style.

Add one to your outfit and prove its advantages.
