

## Country Correspondence

### South Hill

(Mrs. Margaret Dean, Reporter)

Sept. 20.—The we are not enjoying this windy sunshine and shadow weather, we are fortunate in being spared the terrible storms of other sections.

A slightly piece of work was accomplished last week on our highway when the road gang cleared it of its dense sideline of vegetation.

And now the corn crop is receiving attention.

Mrs. J. Sauter and Mrs. J. Flannigan of Hornell visited Mrs. James Dean and family one day last week. The families of A. Dougherty and H. Dean were Wellsville visitors Sunday, the gentlemen taking in the great ball game played there.

Mr. and Mrs. Leo Horan and children visited Andover relatives Sunday.

P. F. Lynch of Hornell is spending some days with his brothers of the hill.

Our residents in general cast their vote in the primary election of Tuesday, which had created considerable political interest.

E. M. Cooney of Rochester, at one time a South Hill resident, was calling on old neighbors Wednesday.

### Whitesville

(Mrs. Ella Millsaugh, Reporter)

Sept. 19.—Primary Day.

Mrs. S. E. Deming is suffering with neuritis.

Little Phyllis Hurlbert is ill again. Several from Whitesville attended the Sinclair-Niagara baseball game in Wellsville, Sunday.

The Home Bureau held an all-day meeting at the M. E. church last Friday.

Mr. and Mrs. Lee Millsaugh and daughter, Jean, of Andover spent the week-end with his mother, Mrs. Ella Millsaugh, who has been ill with gripe the past week.

The Misses Doris Coats and Marjory Leach and Sylvan Robbins went to Alfred Sunday where they will attend school this year.

The Misses Alice Stafford and Anna Deck have returned to Buffalo State College for the year.

Carlyle Smith, who graduated from the Whitesville High School in June has entered Houghton College for a college course.

C. L. Travis was sick in bed Sunday with intestinal gripe, also still ill he went to Wellsville, Pa., Monday to an important meeting.

## Milk In School Is Valuable Aid To Child's Learning and Health

Many Studies Show Value of School Milk In Improving Mental Ability and Health of Children

By CHARLES H. BALDWIN

Commissioner, Department of Agriculture and Markets  
Albany, New York

THE school year is under way. It is a long pull through the fall, winter and spring—hard, grinding study. In the home where there are children, the question often arises—how will they stand it physically—what special things must be done to bring them to success and safety through the school year?

One of the very best things that may be done is the serving of milk daily at school.

In modern schools the effect of physical development on the mental condition and advancement is often noted. An investigation in a Washington, D. C., school revealed that there were ten-year old children in all the grades from the first to the seventh. The explanation, finding was that the taller, heavier, better developed ten-year olds were those nearest the seventh grade.

### Milk Aids Learning

In all investigations of this nature, the kinds of food that will stimulate growth and body building have been found of supreme importance. Notable examples of such foods are vegetables, fruits and milk.

Milk feeding in public schools has come to be one of the most important means of enriching the average child's home diet and improving his nutrition. Recent studies indicated that children showing none of the usual signs of undernutrition nevertheless were deficient in calcium in the diet. This deficiency was improved in certain schools by the serving of 50 per cent

by the feeding of a cup of milk each morning for two weeks. The children became less fatigued, were more even tempered, less easily distracted, more wide awake.

### Milk At Noon

The conclusion from this investigation is that children, even those apparently adequately fed, would benefit if their diets were enriched

Milk-drinking time in a New York City public school

by additional milk. The benefit to the undernourished is, of course, even more striking.

A large number of schools throughout the State and nation have for years made provision for serving milk with the children's lunches or at a lunch in the mid-afternoon. The fact is that the milk is a very great benefit. Since the bottles are returned to be washed by the milk company, no disinfectant is necessary. The milk may be taken directly from the bottles through strainers.

### Slate Creek

(Mrs. Raymond Stewart, Reporter)

Mrs. John Mullen and son Nelson, called on her sister, Mrs. Glenn Mullen Thursday.

Mrs. Arthur Stewart called on Mrs. Raymond Stewart Thursday.

Mr. and Mrs. Eli Woodworth Jr. spent a few days of last week visiting relatives on Purdy Creek.

Ella Edwards visited friends in Canisteo Saturday evening.

Ralph Higby of Call Hill called at the home of William Edwards Sunday.

Mr. and Mrs. William Mullen and Mr. and Mrs. Raymond Stewart and daughter Charlotte motored to Letchworth Park Sunday.

Mr. and Mrs. Raymond Stewart and daughter were callers in Canisteo and Hornell Monday.

### Alfred University

(Special to Andover News)

Alfred, Sept. 20.—Saturday, September 30th has been set as the date for the first meeting of the Tri-County Mathematics Association at Alfred this fall. This organization was formed last spring for the benefit of teachers of mathematics and any who are interested are invited to attend.

An addition to the Ceramic College faculty has been made in the person of Prof. Robert Campbell, a graduate of Alfred in 1923.

Professor Campbell has spent ten years working in the ceramics industry, three years for the Trenton Pottery Co., Trenton, N. J., and seven years with the J. L. Mott Co., also of Trenton as a ceramic chemist. He will teach courses in white ware, pyrometry, and layout of plant equipment. He has made a specialty of sanitary wares, having developed ware for the J. L. Mott Co.

Alfred University has been honored during the past summer by the election of two of its faculty members to the Association of American Men of Science. The two are: Dr. Lloyd Watson, who is honored for his developments in the bee industry, and Dr. Joseph Seidlitz for his contributions to the teaching of mathematics.

Alfred's second annual freshman camp came to a successful conclusion Monday, Sept. 18, a group of about 70 persons including freshmen, upperclass counselors, and faculty members having spent the week-end at Camp Gorton on Lake Waneta.

Athletic events, including boating and swimming, talks both entertaining and serious, and motion pictures together with very favorable weather served to make the camp a heartily appreciated climax to the summer vacation.

Freshmen in attendance were: Warren Brinkham, Chicago; Dallas E. Dodd, Ogdensburg; Raymond Alty, Shinglehouse, Pa.; Chas. Forbes, Patchogue; Felix Ballwitz, Hurleyville; George Larson, Johnsonburg, Pa.; Horace P. Frielberg, Brooklyn; Stephen Bartlett, Worcester, Mass.; Chas. E. Mourhess, Washington, D. C.; Robert Hall, Painted Post; Eugene Manning, Painted Post; Edward Ehrenreich, Hornell; Clifford Branigan, Syracuse; Oliver Young, Attica; Martin Kaplow, New York; Charles Morse, Painted Post; Robert Skinner, Attica; Thomas Almy, Hornell; Eugene Barvian, White Plains; Ward Jones, Syracuse; Morton DeScherer, Englewood, N. J.; Maynard Jones, Wellsville; Norman Schacter, Seagate; Donald Wright, Elmira; John Slack, Whitesville; Irving Titsworth, Alfred; Lloyd Smith, Rochester; Benjamin Racusin, Johnsonburg, Pa.; Harold Whitney, Westfield; Douglas Nevins, Brooklyn; Gordon P. Mann, Elmira; John Hildebrandt, Olean; Alexander Sheheen, Hornell; Donald Campbell, Salamanca; George Gregory, Elmira; Russell Buchholz, Buffalo; Herbert Berry, Sea Cliff; Stanley Niles, Almond; Samuel Scholes, Alfred.

A manufacturer of shoes advertised "We put ourselves at your feet and give you everything that you can possibly demand."

#### Doty—Cochrane

Friends gathered at the home of Wisner Doty, Wednesday morning, Sept. 27, to witness the marriage of J. Charles Cochrane and Miss Minnie Doty, both of Andover. The bride and groom left on the 10:25 train for a visit in Rochester, amid a shower of good wishes, etc.

Miss Flora Bundy is visiting friends in Friendship for a few days. James Owen made business trips to Buffalo and Boston during the past week.

Mr. and Mrs. Wm. O'Hara and Miss Zedie Smith visited relatives on Purdy Creek the first of the week.

Mr. and Mrs. J. W. Richardson attended the funeral of Mrs. D. C. Ackerman at Wellsville, Saturday. P. McLaughlin visited friends in Cuba and vicinity last week, taking in the Cuba Fair while there.

Jesse Snyder, Dr. F. E. Comstock, W. A. Hall, F. W. Potter of Andover and Oscar Potter of Independence left for the World's Fair last Wednesday.

C. B. Lever, Chas. B. Robinson, P. M. Swink, Hiram and George Barney and J. H. Watson of West Almond left Thursday for the World's Fair at Chicago.

Simson Hann has the frame up for his new home, Elm Valley cor. Abram Slocum has broken ground for his new home on First street.

Died, Sept. 22nd, Mary, daughter of Mr. and Mrs. Patrick Mulcahy of Tip Top, aged five months.

Conrad Minguo died at his home south of this village Saturday, Sept. 23rd, aged 73 years. He leaves three children, Mrs. A. A. McCann, Miss Mila Pingrey and A. M. Minguo all of Andover. Funeral services were held at the home on Tuesday.

Cheese sales brought 8½¢ for July and 10¢ for the first half of August.

#### Seal on Paper Money

All paper money issued by the government contains a seal bearing the inscription "The Great Seal of the United States." These words are an abbreviation of the Latin phrase "The Great Seal of the United States." Literally meaning, "Seal of the Treasury of North America." Why "North America" was used instead of "United States" is not known. When a committee of the Continental congress adopted this seal the states were still loosely governed by the congress and hope of getting Canada to join the confederation had not been entirely given up. The treasury seal is the last thing placed on paper money and it is the token that gives it validity.

#### Beauty Sleep

The first dim light filtered in through the blue curtains and struck full upon her chin strap. It crept upward until it covered the cleansing cream generously smoothed upon her face. Still farther stole this first revealing beam; it touched the skin tone, the special astringent, the muscled oil, the circulation ointment, and finally reached the eyelash darkener. At this point she stirred and thrust out a bare arm pink to the elbow with liquid bleaching lotion. She turned uneasily and with a drowsy motion adjusted her wrinkle eradicator, and fell into another doze.—Kansas City Star.

#### Rainbow Close at Hand

Children, who eagerly seek the pot of gold at the rainbow's end, frequently have an opportunity to follow their desires in Estes park. Rainbows, after the almost daily mountain showers that occur, often rest one end of the bow on a neighbor's porch, and in one of the nearby pastures. The little village is situated in a bowl—surrounded by mountains 12,000 and 13,000 feet high. The arch of a rainbow is almost within reach, and the nearby hillsides often are viewed through a shimmering veil of colors.

#### Tomato Recipes

Everyone will be asking for more of this delicious salad. Just try it and see:

#### PERFECT SALAD

1 can tomato soup  
2 level teaspoons gelatine  
2 packages cream cheese  
¼ cup cold water

Heat the soup to a boiling point and beat in the cheese until the mixture is smooth. Let the gelatine stand in cold water for five minutes, then add to the soup mixture. Let stand until cool, but not solid, then add 1 cup of mayonnaise, 1 cup of celery, chopped fine, 1 teaspoon of onion, chopped fine, 1 can of fish. Put into the freezer until solid and serve on crisp lettuce with no dressing.

This is one of a series of tomato recipes prepared for this paper by the Consumers Information Service of the New York State Department of Agriculture and Markets. Watch for others.
