ALLEGANY WINS UNEARNED VICTORY OVER ANDOVER

Score in Third Quarter on a Line
Plunge—Andover Defense Good

Allegany crashed thru a spirited Andover defense that had held for three downs inside the seven yard line, early in the third quarter for the touchdown that won the game, altho Andover outplayed them in every department of the game, both before and after the score.

Played on a field of mud, Andover High School warriors put up a battle to be proud of, but after a fumble by Brundage on the seven yard line had placed the ball in scoring position, were unable to hold against the assaults of Stephen, hefty crashing Allegany fullback, who needed all of the four tries to put it over. Three times Andover's lightweight line held against the battering ram, but on the fourth try he went over for the touchdown.

Altho Andover was forced to resort to straight football due to field conditions, the purple reeled off several long runs with Mule Brundage totting the ball. Deception plays, Andover's best bet for the last few years, could not be used, placing Andover at a great disadvantage to Allegany who depended chiefly on power plays and thus were practically as effective on the ocean of mud as on a dry field.

Andover threatened several times, Brundage on the first Andover play of the game almost getting away on an end run, but was finally forced out of bounds by the safety man. Again early in the second quarter a lateral pass, Church to Brundage, netted a 40-yard gain and for a moment looked like a touchdown. The ball was advanced to Allegany's 20-yard line, but Andover was unable to gain farther.

Several times Allegany threatened the purple's goal line, twice advancing inside the five yard stripe, but Andover's line lived up to its reputation and held Allegany for downs.

During the last quarter Andover attempted pass after pass in a desperate attempt to score, but none were completed. Brundage was Andover's most successful ball carrier, several times almost getting into the clear. He also outpunted his Allegany opponent, averaging about 28 yards, very good considering field conditions. Clarke and Church backed up the line nicely, several times plugging up holes in the line. Don Brundage donned an Andover uniform for the first time Saturday and was instrumental in some of "Mule" Brundage's runs.

The defensive ability of the line was as big a surprise as was the negative power of the purple scoring punch. True, the line's ability to hold in a tight spot was proved last year several times, but never has an Andover line in the last three years of football history ever held such consistent assaults to one score.

On the whole the team looked very good. However, the line was ragged on the offense, the opposition breaking thru on almost every play. Fumbles were frequent, due to the muddy field and were directly responsible for the Andover loss. Andover fumbled seven times, recovering only four times, while Allegany fumbled only twice and recovered five times.

The line-ups:
Andover
Padden
Edwards
Briggs
Ingraham
Brown
Brewster
Baker
Church
Brundage
D. Brundage
Clarke
Allegany
Headen
C. Eaton
Elwards
Sopop
Martiney
Flynn
Nolan
Clarke
Forness
Doran
Stephen

Touchdown: Stephen.
Substitutions: Allegany: Felt for Edwards, Waters for Martiney; Mulech for Nolan, Kein for Clarke, Nolan for Stephen. Andover: Joyce for Ingraham, Sly for D. Brundage.

Score by periods:
Andover 0 0 0 0-0
Allegany 0 0 6 0-6

A. H. S. WARRIORS TO BATTLE BOLIVAR

Large Crowd Expected to See the
Opening Kick-off—Bolivar Hopes
to Make it Two Straight.

Andover High School's "fighting purple" return to their home stamping grounds Saturday, Sept. 30th, meeting the strong Bolivar High School eleven on Andover's new athletic field, to open the home football season.

Both teams have opened their seasons, Bolivar running rough shod over Little Valley to the tune of 75 to 0, and Andover dropping their opener to Allegany 6-0.

Bolivar won the game between the two teams last year at Bolivar 19-6, a game decided only in the last few minutes of play. Because of its decisive victory over Little Valley, Bolivar will be favored to win in Saturday's game, but should encounter plenty of resistance from Coach "Wally" Clarke's fighting purple, who showed plenty of fight whenever their goal line was threatened in last week's game.

Coach Clarke has not as yet announced his starting line-up, but it will probably be composed of Baker and Padden, ends; Brewster and Edwards, tackles; Brown and Briggs, guards; Joyce, center; Church, quarterback; Don Brundage and Mule Brundage, halves and Clarke, fullback.

The defensive ability of the line which showed up so well in last week's game, will be taxed to the utmost against the Bolivar team, and just how it will look on the defense may be the margin of victory or defeat.

A large crowd is expected to see the game, due both to the fact that football is yearly becoming more and more popular in Andover, and that the price of admission has been reduced to a quarter for adults. The opening kick-off is scheduled for promptly at 2:30. Let's all attend this first game of the season!

—A-H-S— FRESHMAN CLASS HOLDS FIRST MEETING

The Freshman Class held its first meeting last Wednesday, Sept. 20, for the purpose of electing officers. The meeting was in charge of Miss Russ. Officers elected were:

Carroll Burdick, president.
Donald McNeil, vice president.
Raymond Geer, secretary.
Miss Mary Jo Russ, faculty advisor.

—A-H-S— SENIOR BAKE SALE A SUCCESS

The Senior bake sale held Saturday morning in the Brown building was a success. All of the Seniors and some of the postgraduates who comprise a class of about 30 students, contributed to the bake sale and a variety of food was on hand for the opening. More than six dollars was cleared but due to certain expenses the profit was cut down to a few cents short of six dollars. The Seniors wish to thank the owners of the building and all who patronized the sale.

—A-H-S— HUMOR

Roberta: "How are you getting along in High School?"

R. Briggs: "Oh, pretty well, thank you. I'm trying awfully hard to get ahead."

Roberta: "That's good; you need one."

Wilfred Brown was stranded in an out of the way village that did not possess a hotel. In his search for accommodations and food he called on the local grocer.

"I don't suppose you keep even dog biscuits in this one-horse hamlet, do you?" Bill asked.

"Why yes," replied the grocer. "Do you want them in a bag or do you want to eat them here?"

Susan O'Donnell: "I didn't know Pauline Gath was left-handed."
F. Parker: "She isn't; she's just engaged!"

"Wally" Clarke: "What is the formula for water?"
P. Crandall: "HIJKLMO."
"What is that?" barked Mr. Clarke.

Philip slowly repeated the letters. "What are you saying?" asked the poor science teacher in bewilderment, "who gave you that idea?"

Philip: "You, sir; you said yesterday it was H to O."

Jackie Regan: "Smile that way again."

Mary McA. blushed and dimpled. Jack: "Just as I thought; you look like a chipmunk."

Laurence P.: "You look sweet enough to eat."

Louise H.: "I do eat. Where shall we go?"

Conrad Church: "What kind of a dog is that, my boy?"

Don McNeil (leading a skinny mongrel pup): "This is a police dog."

Connie: "That doesn't look like a police dog."

Young McNeil: "Nope, it's in the Secret Service."

—A-H-S—
Alaska's population is about 60,000.

SOPHOMORE CLASS ELECTS OFFICERS

A meeting of the Sophomore Class was held in the Sophomore home-room Sept. 22nd. It was called to order by Miss Trenkle.

The following officers were elected for the coming year:
Don Brundage, president.
Decatur Clarke, vice president.
Veronica O'Hargan, secretary.
Virginia Smith, treasurer.

—A-H-S— SENIORS TO HOLD CANDY SALE

This Friday afternoon the Seniors will hold their first candy sale in the Andover High School library, beginning at 3:30 o'clock. Florence Mulholland is in charge of the sale and promises a variety of candy to choose from.

—A-H-S— MEASURING STICK FOR POTATOES

Changes in State Potato
Grades Effective September
15th to Correspond
With New Grades.

Commissioner of Agriculture and Markets Charles H. Baldwin announces that revised New York State grades for potatoes become effective September 15. These changes were made in order that the New York State grades would correspond with the revised United States grades for potatoes which become effective on the same date.

In making these changes Commissioner Baldwin points to the fact that the New York State law governing the sale of cull potatoes remains unchanged. All potatoes falling in the cull classification must be plainly and conspicuously branded "Culls" according to Article 12-a of the Agriculture and Markets law. Article 12-a has been in effect since 1931 and has met with considerable favor from growers, the trade and consumers alike. It is further stated in the law that all potatoes sold on the basis of Official New York State Standards for potatoes must meet the requirements of these standards. Some of the most important changes are pointed out by Commissioner Baldwin:

"Generally speaking, the changes may be considered in the nature of additions rather than changes. The principal change is in the minimum size requirements for U. S. No. 1 grade. The minimum in the present grade is 1 1/2 inches for round varieties and 1 3/4 inches for long varieties. The new U. S. No. 1 grade requires a minimum size of 1 1/2 inches for all varieties unless some other minimum size is specified in the sales contract. Therefore a quotation of 'U. S. No. 1' means, as far as size is concerned, that the potatoes are 1 1/2 inches minimum with not over 5 per cent below this size and that there is no guarantee that the potatoes in the lot are larger than this minimum size.

"The principal addition made in the new standards is the size classification which can be used in connection with the grade statement and which is designed to furnish buyers and sellers a more definite understanding regarding the size of the potatoes in a particular lot. A 'Size A' classification has been provided for potatoes which are generally considered of a desirable size for table use. For example, a lot of round type potatoes quoted as 'U. S. No. 1, size A' means that the potatoes meet the requirements of U. S. No. 1 grade and at least 60 per cent by weight is 2 1/4 inches or larger in diameter and not over 3 per cent by weight of the potatoes is under 1 1/2 inches in diameter. Similarly a lot of long type potatoes quoted as 'U. S. No. 1 size A' means that the potatoes meet the requirements of U. S. No. 1 grade and that at least 40 per cent by weight is 6 ounces or larger and not over 3 per cent by weight is under 1 1/2 inches in diameter.

"There is also provided a 'Size B' classification for potatoes ranging in size from 1 1/2 inches to not over 2 inches in diameter with a tolerance of 5 per cent for potatoes under 1 1/2 inches and 15 per cent for potatoes over 2 inches. Potatoes within this range have been termed by the trade 'No 2's' or 'Seconds.' Under the new standards such potatoes may be quoted as 'U. S. No. 1 Size B' provided they meet the remaining requirements of U. S. No. 1 grade.

"Size A and Size B classification may be used in connection with all grades except U. S. Fancy. The new standards also make provision for quoting in connection with a grade statement other sizes such as 'U. S. No. 1, two inch minimum' and 'U. S. No. 1, six-tenths,' etc.

"A new grade termed 'U. S. Commercial' has been added. This grade is an intermediate grade between U. S. No. 1 and U. S. No. 2. It requires that at least 80 per cent of the potatoes shall meet the requirements of U. S. No. 1 grade and

that the remainder may be U. S. No. 2 except for a tolerance of six per cent for potatoes which may be below U. S. No. 2 grade, and except that the potatoes shall be free from serious damage by dirt, instead of free from damage by dirt as is required for U. S. No. 1 potatoes.

"Several definitions have been added to the grades in order to secure more uniformity in grading. These are based on interpretations which have been used in the past and so therefore should not be considered as changes.

"Generally speaking, growers and shippers may continue to grade potatoes under the new grade specifications as they have under the

grades which have been in effect except that they will need to pay more attention to the size factor if they expect to pack potatoes to meet Size A and Size B classification."

State both at shipping and receiving points will be considered on the basis of these new standards, and growers and shippers alike should familiarize themselves with their provisions.

Copies of the revised grades may be obtained from the Bureau of Markets, Department of Agriculture and Markets, State Office Building, Albany, N. Y., or from the Rochester office of the Department, located at 300 Terminal Building.

Notice of Retail License

Notice is hereby given that license No. Buf. B48472 has been issued to the undersigned to sell beer and wine at retail under Section 76 of the Alcoholic Beverage Control Law at Elm Valley, Town of Andover, Allegany County, New York, to be consumed upon the said premises.

WILLIAM M. RICH,
Wellsville, N. Y., R. F. D. 4.

A new process of roasting musty salt and rendering it salable opens another source of American salt supply in the brines of arid portions of the west.
