"If There Is Not A Way, Cut A Way"

Conflicting Facts

THE administration has mapped out a program of work, and is carried out in the true spirit of the move-the result is inevitable. ment. Part of the plan is to release money in closed banking institutions. Easing of drastic rules surround-sical power to do a thing and do not have the will a lot of "country" people, lured by ing the borrowing of money is still another objective power to carry you on, you are no better off than a the glamor of the cities, have left in the expansion plan. This is all well and good if the officials on down

the line are sympathetic to the plan and act according- and develop it. Do the things that you don't want y. Yet, it seems that all is not well when your banker but know you should, instead of coasting along. Your tells you that federal reserve officials are very drastic character will develop and improve accordingly. in their rules about banks loaning money. They tell you that they are reticent about recommending loans only under the most favorable conditions. It is an actual fact that bankers ask two-name security or col- mHE untimely death of W. L. (Young) Stribling was lateral for a loan of one hundred dollars to an individual a shock to everyone who has followed the career

Such facts and theories do not jibe by any means. The entire situation must be altered and the officials all the way up the ladder, from the banker to those at ! the top of the heap, must be of the same accord. It is true that a banker cannot act contrary to the rules that are laid down by federal reserve officials, yet

Banks cannot remain highly liquid and extend lib- as complications set in. Yet banks cannot fail to extend sensible So it seems that the policies that are set forth by the his life. He came into national prominence after his life worth while, will be drifting to administration and the facts surrounding actual credit bout with Mike McTigue, then light heavyweight cham- back to the country, eager to capconditions are in sharp conflict. It is time to get to pion. The match was declared a draw much to the disgether for those concerned, regarding the expansion credit. The average citizen is willing to concrete if tory for Stribling. he is given a chance.

Monotony

TIERY often you hear complaint of the dead level of garnering the crowns they wore. monotony created by machinery and standardization. The good old days of happy diversity are recalled will never be determined. Some critics went so far as with him at night, instead of relaxin which the workman felt a creative joy. Now the ing in 1031 proved him a most courageous fighten spirit of pride in accomplishment is wiped out and the worker is a mere automation like the automatic monster he plays a very minor part in attending. He has little comprehension of what the whole thing is

in this machine dominated age takes a guilty pleasure again in the court room. in pushing a button and having a whole lot of the work | Jury service is one of the first duties of citizen-store, unless you relax, forget, and

gery is the enemy of individuality? Or is it just pos-partial verdicts will resort to many flimsy excuses to sible that, in getting a piece of efficient and uncom-evade serving on the jury. plaining mechanism to perform our chores, a great Even under these circumstances they will criticize Make sure that your mattress is many individuals are now provided with time in which and in some instances abuse those who are willing to comfortable and that your bed is ual home owners lack diversity because they are all pay, because of the danger of financial loss. more or less reduced to a similarity as furnace tenders and ash removers.

necessity of all being monotonously alike. That is so titude on the part of capable men of every community cliff. Sink down. Don't exert any true that the same persons who complain of monotony often results in the jury box being filled with men not pressure on your body. If you can and standardization are heard inconsistently to com-fitted to perform their duties as jurors. plain that this is an age of extreme specialization. So This failure of good citizens to shoulder their re- lifeless as water or clouds or somemuch so that we can hardly understand one another to sponsibilities is but one of the hindrances to proper thing else that falls or floats, you speak the same language. There is something wrong law enforcement. Not all the blame can be placed on really rest. here. Maybe what we are longing for is not for old the officers sworn to enforce the law-They can't do time diversity and individuality, but the good old times it alone. They must have moral backing. when we were all alike in our miseries, and could get more sympathy and understanding from our fellow men in complaining about them.

NE of the valuable lessons the National Recovery

U Administration is teaching thoughtful citizens is course. Some young men and women might spend the lightly with perfume or toilet water. that commerce must concern itself with supplying the greater part of their lives in schools of higher learning people with what they can eat and wear and use. Not and still be little better equipped to fill the niche in with what it suits the convenience of commerce to life for which they are fitted. supply but actually to cater to the convenience of the Considerable time and money may be wasted in a good night's rest, do not forget consumer. And with a due regard for the depleted an effort to inject higher education into individuals to leave your worries or troubles of state of his finances and his patience.

In suggesting to national advertisers and manufacturers that they co-operate with the recovery program should have a common school education at least. It hold.—Highland Democrat. them to offer the public good goods, fairly priced. He highly competitive fields which they will encounter in invited their attention to the fact that the restoration mature years. of millions of workers to pay rolls has created a huge These are things well worth remembering as the new purchasing power which must be shown careful new school year is getting under way and the tendency consideration. Men and women long deprived of the on the part of students develops to want to quit school privilege of supplying their needs cannot be approached and get out into the world.
