### W. L. MARKHAM ASSEMBLY FEATURE

The feature attraction at an assembly held on Thursday, Nov. 9th, was a picture show presented by W. L. Markham, a very extensive traveler. He showed scenes taken from the air in almost every part of the United States, as well as different airport scenes. Many townspeople were also present at the assembly.

### REPORT CARDS ARE SOON TO BE ISSUED

The supply of report cards has arrived and been distributed to the various teachers to be prepared and marked with the students' grades. They will be soon sent to the parents for their inspection. The cards will contain two sets of marks, one for each of the two five-week periods just completed.

### CHIRPING CHICKADEES WIN CONTEST

The subscription contest and campaign conducted by the Curtis Publishing Company for the benefit of the Athletic Association has come to a close as far as actual team credits are allowed.

There were a total of 50 subscriptions sold, of which only 46 were counted in team scores because of technical reasons.

The "Chirping Chickadees" with Florence Mulholland as captain, and Mr. Clarke as supervisor, defeated the "Night Hawks," under the leadership of Margaret Powers and with Mr. Huffcut as faculty supervisor by a score of 25 to 24. The result was undetermined until the final day. Wisner Cook was general manager of the campaign.

Beatrice Kruger, a member of the Freshman Class, led in scoring with a total of seven subscriptions, and must be congratulated on her work.

### ANDOVER TO PLAY PORTVILLE

On Friday, Nov. 10th, the "Fighting Purple" will invade Portville to play the high school team of that village. Andover, fresh from three successive victories over Cuba, Canisteo and Allegany, in which they have run up 54 points while holding their opponents to six will be the favorites, but they will encounter plenty of opposition from the Portville gridgers who have lost but three games this year. They have conquered Allegany along with other teams and have been beaten only by Vetsville, Salamanca and Canisteo. This will probably be the last game of the season and Joyce, Con Church, Male Brundage, Bill Brown and Padden will wear the purple and white for the last time. It is still doubtful that Male Brundage will play, due to an injured hip which fails to grow better.

### BREWSTER MAKES NOVEL TOUCHDOWNS

Eddie Brewster, hard-fighting tackle of the local school eleven, has made a specialty this year of recovering blocked punts behind the goal line for touchdowns.

In the Canisteo game, Eddie recovered a Canisteo punt, blocked by Don Edwards, likewise a tackle behind the goal line for a touchdown. Again last week Joyce blocked an Allegany punt which rolled 30 yards until it crossed the goal line then it was recovered by Brewster for another touchdown. These two touchdowns in successive games, stand as some sort of a record for all tackles in local football, both interscholastic and intercollegiate.

### SENIOR DANCE

The first of a series of dances planned by the Senior Class will be held in the High School Gymnasium on Saturday evening, Nov. 11th, at 8:30 o'clock. The music will be furnished by the new Royal Arcadians, part of whom were formerly known as the Allegany Serenaders. This orchestra has become very popular in this section and the finest chairman of the dance committee, Margaret Powers and Wilfred Brown.

The admission is to be 25 cents a person or 50 cents a couple and all are invited.

### THE YELLOW SHADOW

WATCH FOR HIM!

## ANDOVER DEFEATS ALLEGANY IN HARD-FOUGHT GAME

Because their line held in the pinches, the Andover football team was able to emerge the victor over the Allegany football game in a hard-fought battle on the local gridiron, Thursday, November 2nd, by the score of 12 to 6.

Allegany kicked off but Andover could not gain against the strong Allegany line and was forced to punt. After a punting duel Andover had the ball on Allegany's 40-yard line. After two attempts to gain thru the line Brundage ran back and threw a long pass intended for Church but an Allegany player, trying to knock it down, knocked it into the hands of Clarke, fast Andover back, who ran 20 yards for a touchdown. Brundage failed to convert when his drop kick was wide.

Andover kicked off and for the rest of the quarter the play was in midfield. Late in the second quarter Allegany had possession of the ball on Andover's 45-yard line. On an off-tackle slant Forness got off far a 40-yard jaunt to put the ball on Andover's five-yard line. After three plays, Doorn took the ball around right end for a touchdown to tie the score. A try for point failed when Brewster blocked an Allegany placement. For the rest of the half play was in midfield.

Andover kicked off to start the third quarter but Allegany could not gain against the stubborn Andover line and an Allegany player dropped back to kick. Joyce broke thru, blocked the punt and Brewster fell on it over the goal line for a touchdown. Brundage's drop kick was short and the third quarter ended with the score 12 to 6 in Andover's favor.

Neither team threatened to score again until late in the last quarter when Allegany opened up a passing attack which carried the ball deep into the Andover territory before the Andover line again forced the Allegany team to give up the ball and the game ended with the ball in Andover's possession.

For Andover, Joyce, Brown and Brewster starred in the line, while Church and Clarke backed up the line good on defense. The players on the Allegany team were evenly bunched and there was no outstanding player.

Andover got more first downs but Allegany completed more passes and gained more yardage thruout the game.

### Line-up:

Andover	Allegany
McAndrew	Mulcahy
Brewster	Flynn
Brown	Molan
Joyce	Sapap
Sweet	J. Martiny
Edwards	Eaton
Padden	Hedden
Church	E. Martiny
M. Brundage	Forness
D. Brundage	Doorn
Clarke	Waters

### BRUCE-HENDRICKSON PLAYERS WILL PRESENT "JULIUS CAESAR" IN ALFRED

"Julius Caesar" by Shakespeare, is to be presented by the Bruce-Hendrickson players at the auditorium of Alumni Hall in Alfred, Wednesday, Nov. 15th at 8:15 p. m. The admission charge is 25c.

Both of the leaders of this group have had a great deal of experience in Shakespearean drama as they toured with Mantell and his company. Inasmuch as most of the people in high school will at one time or another, read this drama, it is to be hoped that as many as possible will attend.

### BASKETBALL PRACTICE STARTS

The first call for basketball candidates was issued by Coach "Charley" Huffcut on Tuesday and only 12 candidates reported. However the small number is due to the fact that football is still in progress and probably before the season gets under way approximately 25 candidates will be in uniform. The first few practices will be devoted to fundamentals and conditioning, and intensive training will probably not be undertaken until after the football season has ended.

Two letter men answered the first call and Brewster, the third eligible letterman is available after football season. Paul Alderson and Jim Cannon, both veterans of three years' service, were the only lettermen at Tuesday's practice, and the team will probably be built around these two and Brewster. Red McAndrew, who saw some service last year was on hand as well as Ed. Alderson, who is expected to develop fast and last year's entire eighth grade team. Others who are expected to report at the end of football are John Cannon, Milt Briggs and Lloyd Sly, all of whom saw some service last year as well as Ray Briggs, Lawrence Padden, Deke Clarke and Donald Edwards.

### A-H-S

I don't know how to spell real well, But this one thing I know That Debt is just a little word Beginning with an Owe.

## ? ? THE SPY ? ?

Well, folks, here's your old friend the Spy spreading his weekly news and scandal. To start with I find that Con Church has found a substitute for Virginia. She may be only a younger sister, but Con says she's a wonderful substitute. How about it, Con?

Well of all things—if Norma hasn't got Wisner in the palm of her hand. Be careful "Wis," remember you have a weak heart.

I see that "Stripped" (High) Geer has had his motor overhauled and repaired. Remember, Ray, that you can't make a quick start with a popular girl even with a repaired motor.

As friend to friend, I advise Margaret Powers to make Oliver bring her to school in some other vehicle than a truck. As Margaret knows, it's cold sitting for hours and hours before school. Am I right, Margaret?

Howard Gath should leave Rita D. alone at least in our stately halls. Remember, Howard, you are too young to pick on a sophisticated girl like Rita.

I wish someone would warn "Vick" that one-armed driving is dangerous, even if he is under the careful supervision of Dorothy C.

Has any one seen that dazzling "good luck" pin that Milton has been sporting since Friday? Rumor has it that it came from Midway, but even the Spy can't believe that of an innocent lad like Milton.

Can any of you young men explain Dick Appier's actions at the dance Friday night? And say, Dick, who was the charming maiden you escorted home?

The old weekly news has run out and so I will see you again when Eddie Brewster, our featherweight, wears knee breeches.

### THE SPY

### TEACHERS' CONFERENCE WAS A SUCCESS

The members of the faculty have returned from what they term a very successful conference. There were very interesting speeches at the central meeting and outstanding work at the special meeting.

### NOTICE

Several new books have been added to the town library. They are acceptable as outside reading for English.

### THE LAST LAUGH

There was a man who had a clock, His name was Mr. Mears, He wound it every single night For thirty-seven years. And when at last it was found out An eight-day clock to be; A madder man than Mr. Mears You could not wish to see.

Ray Geer: "What did Juliet say when she met Romeo in the balcony?"

F. Parker: "Couldn't you get seats in the orchestra?"

Miss Clifford: "Yes, Kenneth, bears hibernate in the winter. Now can you tell me if there is anything that hibernates in the summer?"

K. Vars: "Santa Claus."

### Plane Tunes

The old songs will soon have to be revised and brought up to date. For example:

"Parachuting Nellie Home."  
"In the Zooming, O My Darling."  
"My Bonnie Flies Over the Ocean."  
"After the Fall is Over."  
"On the Sky-cycle Built for Two."  
"The Side-Slips of New York."  
"Has Anybody Here Seen Kelly Field?"

"Motor of Mine."  
"Ain't We Roll Along."

Anna Dean: "You two seem quite fond of each other."

Norma B.: "Yes, we are. Wisner thinks the world of me, and so do I."

Eleanor B.: "How did the expression, 'Killing two birds with one stone' originate?"

Marion Lever: "It seems a Scotchman went hunting."

**Howlers**  
An Alkali is a substance obtained by boiling Arabs in a pot.

Arsenal is a kind of poison.

A curve is a straight line which has been bent.

Q.E.D. means "quad est desperandum."

What is the Milky Way? The way you find infants.

A polygon is a man with more than one wife, but an Englishman is not allowed to be a polygon, for his wife brings him up for it.

Beatrice K.: "Is there any difference, Billy, do you know, between a fort and a fortress?"

Billy W.: "I should imagine a fortress, my dear, would be more difficult to silence."

Mary Walden: "You can't believe everything you hear."

E. Meland: "No, but you can repeat it!"

## Food Market Advice

A look at the vegetable and fruit stands this week is a bird's eye view of the food map of the United States. Out-of-season asparagus from the Imperial Valley, potatoes from Maine and Idaho, oranges from Florida and California, cauliflower from Long Island and Oregon and home-grown spinach help to make up the long list from which we can choose adequate and interesting meals.

Asparagus at this season, though not unduly expensive is not for the limited budget. Green beans grown in Florida are low priced enough for any budget as they are an economical vegetable, one pound serving from four to six people. Mushrooms are so plentiful at this time that they are not profitable to their growers. Having very little food value and much flavor it is advisable to use them to dress up rather than to make a meal.

If you should serve a porthouse steak this week-sauteed mushrooms and tomato slices will do much to make it an unusually attractive meal. A plank bordered with browned mashed potatoes is the best liked service for this combination. Quickly cooked really green beans would add the final perfect touch.

Also the season for Long Island cauliflower is nearly over, the western grown will replace it at little or no increased cost. Although it is good served with melted butter or cream with added parsley or paprika, it also responds to such kind treatment as Hollandaise, paprika or cheese sauce. Try serving cauliflower au gratin for lunch or as a salad. Cauliflower flowerettes dipped in batter and deep fat fried are deliciously different.

Build up to stand the winter's cold with spinach. It needs short cooking and long seasoning to be at its best and its best is very good. Served with egg or as an accompaniment to liver and other meats it puts your blood in fighting trim.

A stew of beef or veal-briskets of beef and breast and neck of veal or lamb are good cuts for stew-is or should be appetizing and savory. The Quaker Maid gives the following directions: Brown the meat well in a little fat with sliced onions, cook slowly in a little water and then add salt, pepper and a variety of vegetables, more onions, carrots, turnips, potatoes, and celery or tomatoes if you wish and cook until tender. Thicken the gravy slightly with a flour and water paste. The root vegetables, celery and new pack tomatoes are all economical vegetable food.

Fine sweet potatoes are being sold in this locality. They are of even size and quality and very reasonable.

Also both Florida and California oranges are in market, it is the end of the season for one and the beginning for the other so neither are at their best. Grapefruit, however, are plentiful and each shipment is of better quality than the other.

The melon season is practically over the some honeydews are still available. At least half a dozen varieties of apples will be found in most stores. The choicest variety for the use intended is therefore the one to buy.

There are plenty of grapes and pears and bananas are of better quality than recently. For color and variety no fruits are more pictures-

que than pomegranates and persimmons. Oysters are of fine quality this season and they have many healthful features. They are sold in various size containers. It has been learned that oysters, unlike clams, have very little liquor of their own. Poultry at this season usually means roasting chickens or fowl. The latter can be cooked and used in so many dishes that it is an excellent choice when as moderate in price as at present.

## The Family DOCTOR

Being deaf, or even partially so, is nothing less than a real misfortune. To not be able to hear perfectly is a real deprivation. To miss those soft sweet chords in the music—to be shut out from that wood-bird song—the whippoorwill, the Bob-White! I recall when squirrel hunting—I could plainly hear my gamey tid-bit, gnawing into the hickory nuts as I moved slyly about in the forest, rifle at a "ready".

A first symptom of impaired hearing is—ringing noises in the ears. It may occur so gradually that the victim does not notice the slight buzzing that is aggravated by "taking cold." It may then be described as a "roaring." Granted that one has not a cold, or any other recognized infection, and yet his ears ring—few adults or those past middle-age are totally free from it.

This symptom may persist for years, and not cause the patient to seek relief. It is a little affair, but one that may repay a little intelligent investigation.

Remember, ringing in the ears usually has its origin in the ear-drum—the part you can reach with the awful "ear-spoon," or head of a pin, or match—or other unwise thing! The ear-drum, bear in mind. It is being interfered with, and sounds its warning. What to do? Well—see that there is no undue accumulation of material in the ear. Wash out gently with syringe and comfortably warm water—do it very gently and yet thoroughly—once a day. Keep the external canal clean—free from wax.

This done—and the noises keep right on! Most cases are from hardening of the ear-drum. My practice is to get Oil of Mullein, and put a few drops in the ear once or twice a day. This is a vegetable oil that seems to work well. See your doctor.

Large mirrors near the top of lamp posts have been placed at some street crossings in Brussels, to show approaching motorists what the traffic will be at the crossing.
