## FROM SANTA'S SHOP

These toys from Santa's work shop were ordered and made before prices advanced, so Christmas in our toy department will cost no more this year than last. We are showing a complete line of all the new and clever Toys of the season and at prices you can afford to pay.

## BOOKS:

A good book is the ideal gift for children or grown-ups. Our book department is now full and running over with all the new clever, entertaining and educational books.

## GAMES:

See all of the new games. There are large games with special tables and there are small games which are compact and inexpensive. A new game never fails to attract, interest and please a child.

## TOYS:

Never has the range of toys for Christmas offered more in selection than this year. It would take pages to describe in detail all that is new. Come to our Toyland and see the displays and note the low prices which prevail.

Dolls, 25c to \$3.50

Mechanical Toys  
15c to \$2.00

COME IN AND SEE THE  
MANY IMPROVEMENTS IN

# THE NEW FORD V-8 for 1934

An amazing automobile. New, yet time-tested, proved. The 1933 FORD V-8 was good—but this is better. Dual Carburetion and Clear Vision Ventilation lead list of refinements. THIS 1934 V-8 IS THE FINEST CAR WE HAVE EVER OFFERED OUR CUSTOMERS

**BETTER PERFORMANCE.** Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new Dual Carburetor and Dual Intake Manifold. New Waterline Thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

**NEW VENTILATION SYSTEM** permits a clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot, as illustrated. Thru this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm weather driving.

**DISTINCTIVE NEW APPEARANCE** enhanced by the newly-designed chromium-plated radiator shell and grille, new hood louvres, new hubcaps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in de luxe bodies prevent glare from front or side. On de luxe cars fenders are in color to harmonize with body colors—Wheel colors optional. New enamel finish on all bodies and fenders has greater wearing quality and more enduring lustre.

**GREATER RIDING COMFORT** results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front seat passengers in the Tudor sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio. Phone and we'll send a car to your home or office.
