ALUMNI DEFEATS A. H. S. VARSITY TEAM

Varsity Puts up Good Fight—Game Won by Alumni in Last Half—High School Leads at Half Time.

After being on the short end of a 12-8 score at the end of the first quarter, and remaining behind at half time 17-16, the old graduates of Andover High School came from behind in the last half and won from the High School 35-26.

The Alumni team which was composed of former A. H. S. players, was playing without the services of several players who usually take part in the annual game.

The high school opened with a rush, when Alderson sank two long shots in rapid succession and then made good on a foul toss. Cannon came thru with another field goal before Church tossed in the first goal for the Alumni. Brundage scored once and Cable twice from the field during the remainder of the quarter, and Cannon and Alderson each scored again for the high school. The score was 12-8.

McAndrew and Alderson scored from the field for the high school and Brewster from the foul line during the second period, while Joyce, Williams and Church scored from the field for the Alumni, Church tossing in a couple of foul shots for good measure. The high school remained in the lead 17-16.

In the third quarter the Alumni started the ball rolling, scoring 11 points to the high school's four. Alderson made both tallies for the high school, while Brundage, Church and Joyce accounted for the Alumni scores.

Lynch scored his first basket in "major" competition in the final period and Cannon tossed in one from the corner. He also scored from the foul line.

In the meantime Brundage, Joyce, Cable and Howland each made a field goal each, and the game ended 35-26 in favor of the Alumni.

The line-ups:

Alumni	field	foul	ttl.
Brundage, rf	5	0	10
R. Joyce, lf	3	0	6
Cable, c	3	0	6
Howland, rg	1	0	2

"THE YELLOW SHADOW" TO BE PRESENTED JANUARY 13

"The Yellow Shadow," a mystery play by Clark Willard, is to be presented in the High School Auditorium, Saturday, Jan. 13th at 8:15 in the evening.

The cast:
Mildred Marvin — Mary M. Lynch
Alice Perkins — Margaret Powers
Hazel Wayne — Ethel Haynes
Nell Travis — Ruth Slocum
J. Steele — Evelyn Moland
Herbert Marvin — Richard Appier
Gilbert Wright — Conrad Church
Sheriff Macklin — Max Baker
Jed Travis — Willard DeRemer
Wong Song — Bruce McGill

The play concerns the mysterious murder of an unknown man just before the arrival of the heiress, Mildred Marvin, to take over the estate left her by her uncle. Mildred's disappearance causes much alarm before the situation is satisfactorily cleared by the capture and arrest of the Yellow Shadow.

The play is being presented for the benefit of the Andover High School Athletic Association. Come out Saturday evening and enjoy yourself and bring support to a worthwhile organization.

Remember, keep Saturday evening, Jan. 13th open. You have a date to see the "Yellow Shadow."

LOCALS PLAY TWO GAMES

On Friday, Jan. 5th, the fighting purple go to Bolivar for a continuation of their league schedule. Bolivar maintains the same status as Wellsville, that is, they are a Class A school, compete in the Class B league but their games do not count in the final standings. Bolivar holds a decision over Cuba which team downed Andover earlier in the season by a two point margin. Therefore the Bolivar game will be plenty tough for the fighting purple.

The next home game will be played on January 9th when the Canisteo teams come here. Last year Andover defeated Canisteo on the local court after Canisteo had gone thru the season undefeated, winning 12 straight games.

This setback will not be forgotten by Canisteo, who this year has exactly the same team that represented the school last year and this team has been developed by Coach Larson with a very smooth working outfit. They hold wins over Genesee, Jasper and Alfred, and have lost only to Hornell and Bath, both much larger schools.

The first game will start approximately at 7:30.

A-H-S—ALUMNAE LOSE TO HIGH SCHOOL TEAM

Coach Clarke Uses Large Number of Substitutes.

Andover Alumnae lost to the varsity in a basketball game on the local court last Tuesday night, Jan. 2nd, by a score of 31-17.

The high school team took the lead early in the game and held it throughout. With the exception of Slocum, the entire second team was used in the second half of the game.

Slocum, of the high school team and Brague, Alumnae, shared scoring honors, each making 12 points for their team. Dean scored nine points and Kruger, in her second game of varsity ball, scored eight.

The line-ups:

Andover H. S.	field	foul	ttl.
Dean, rf	4	1	9
Church, lf	1	0	2
Kruger, lf	3	2	8
Slocum, c	5	2	12
Burns, sc	0	0	0
Mulholland, lg	0	0	0
Howland, rg	0	0	0
Dolan, rg	0	0	0
Briggs, lg	0	0	0
McAndrew, lg	0	0	0
O'Hargan, lg	0	0	0

Totals: 13 5 31

Alumnae	field	foul	ttl.
Crandall, rf	0	1	1
Joyce, lf	2	0	4
Brague, c	5	2	12
Lehman, c	0	0	0
Baker, sc	0	0	0
Wood, rg	0	0	0
Edwards, lg	0	0	0

NEW SWEAT SHIRTS

When the boys' team went on the floor for the Alumni game, they wore the new shirts for the first time and they certainly made a nice looking team. Ten boys, all at least five feet ten inches tall dressed in purple pants and a purple sweat shirt with white waist and wrist bands, a white insert thru the shoulders and tapering down to a point on the wrists and a purple and white A on the front of the sweat shirt. With this new equipment Andover now has as nice a dressed team as there is in this section. The first chance the townspeople will have to see these sweat shirts will be the Canisteo game on January 9th.

AROUND THE A. H. S. SPORT WORLD

By Conrad F. Church
Hi Herald Sports Editor

The Alumni again defeated the high school last Tuesday night. The high school put up the best fight in recent years, but the Alumni has yet to be defeated. It has been many a moon since the high school has won an Alumni game.

The girls again defeated the Alumnae—as usual. However, the Alumnae have won several of the annual games.

The Alumni wishes to thank the management of the Andover Merchants for the use of the Merchants uniforms. Several of the Alumni are members of that team.

Both teams, girls and boys, looked very good in their new sweat shirts which just arrived. They are the prettiest in the history of the school.

Friday night Andover's girls and boys teams will invade Bolivar. Little is known of the Bolivar team, but they will undoubtedly be the cream of the crop.—According to Bolivar, we'll see.

Tuesday, Jan. 9th, Canisteo plays in Andover. Last year Andover halted Canisteo's 12 game winning streak and will try to repeat, which will probably be plenty difficult.

The girls will try to win their first game from Canisteo in years. They have a fair chance to win.

LITTLE AMERICA AVIATION and EXPLORATION CLUB
LITTLE AMERICA ANTARCTICA
With Byrd at the South Pole
by C.A. Abel, U.S.N.R. President

No. 3—FIRE! OUR FIRST ADVENTURE.

On Board the Byrd Flagship, Jacob Ruppert:—Here we are still at Bayonne and we've just had the first thrill of the expedition. After breakfast, a long day of back-breaking labor, but excellent meals at lunchtime and at dinner helped a lot. If I could only get some sleep. If I don't soon there will be nothing left of me to take to the South Pole.

It is 10 o'clock at night—gee, it's Friday, the 13th!—A loud explosion. Shouting from the dock. A sudden red glare in the sky. Our ship is illuminated as if by a gigantic red searchlight.

Dead silence on our ship for a few minutes. Then a shouting of orders. An oil tanker is on fire two docks away. We are in terrible danger because our holds and tanks are bulging with oil, gasoline and high explosives. If the fire is not controlled immediately the whole Expedition may be wiped out. I've only been aboard the Jacob Ruppert 20 hours and here is one of the greatest thrills of my life.

A breathless wait on our ship. The distant clanging of fire engines. A gradual darkening of the ruddy glare. The situation is under control. The two men are dead from burns in the original explosion. Grim reality only a stone's throw away from us. This is no tea-party we are setting out on.

All day equipment and supplies of all kinds have been pouring over the side of our vessel. Here, for example, is a list of the automotive equipment for which I am the fuel engineer and all details of which I have to learn before we get to Little America:—A 1,400 horsepower Curtiss-Condor airplane with a wing spread of 82 feet; a 700 horsepower Pilgrim airplane; a 600 horsepower General airplane; a Kellett auto-gyro airplane; a Cleveland tractor; two French Citroen tractors; two Ford snowmobiles with caterpillar treads at the rear and metal skis at the front.

In addition there are two airplanes one an Immense Tri-motored Ford all-metal plane and the other a smaller scouting machine, buried in the snow down at Little America which Admiral Byrd hopes and believes are still in perfect condition.

In order to use all of this automotive equipment for our exploration and other scientific work, in addition to the dog teams, it has been necessary for us to carry along immense supplies of fuel and lubricating oils. Packed down in our holds are 16,450 gallons of aviation gasoline; 800 gallons of lubricating oils; 3,000 gallons of automobile gasoline; 1,500 gallons of kerosene; 25 pounds of aero rocker arm grease; 30 tons of Diesel engine fuel oil; 200 gallons of Diesel engine lubricating oil; 600 gallons of cylinder oil; 6,250 gallons of marine en-

must be done. The Admiral is coming aboard at noon. At 9:30 visitors start streaming aboard—in an hour we have several hundred. The dogs, some in their cages and others chained all over the steel deck, seem to interest them more than anything else. And they should. They are the loudest things on-board, and the smeltest.

Here comes our leader, Rear-Admiral Byrd. He looks weary and ill. He gives instructions to his staff —Commodore H. J. Gjersten, commodore of the Expedition; Harold June, chief aviator; Captain Velleger, skipper of the Jacob Ruppert; Dr. G. D. Shirey, the Expedition's medical officer, who will set up a snow-covered hospital at Little America, and Lieutenant Commander George O. Noville, Admiral Byrd's aide, who is my immediate boss and instructor on this trip.

I get cleaned up for a short trip ashore—my first shore leave on the Expedition. Commodore Gjersten tells me to return by 10 p. m. That is okay with me; I am still almost dead from lack of sleep, and I know I have terrific work to do from now on, working on our four airplanes, learning their details, helping to get them in perfect condition for future perilous flights, learning my job as fuel engineer for them and the rest of our amazing automotive equipment.

Our other ship, the famous 1700 ton Coast Guard ice breaker, the Bear of Oakland, which has served so illustriously in Alaskan waters since 1867, is in drydock here having some last minute repairs made. She is scheduled to leave a little ahead of us but is slower. Maybe we shall race her down to New Zealand and then to the ice barrier.

There is a big radio farewell party tonight with many distinguished speakers, Admiral Byrd saying farewell to his friends for two strange and hazardous years in the most desolate and dangerous spot on earth.

(People of high school age, or over, desiring to join the Little America Aviation and Exploration Club, are invited to write to Arthur Abele, Jr., Little America aviation and Exploration Club, Hotel Lexington, 48th street and Lexington Avenue, New York, N. Y., enclosing stamped and self-addressed envelope. There is no charge for membership.)

Pheasant Raisers Get Checks

Raisers of pheasants among 4-H Clubs were mailed checks December 30th from the Belmont central office. The total amount disbursed was \$33.75. The average amount paid the 46 baby pheasant growers was \$7.25; the highest amount paid out was \$18.75.
