Old Allegany Heart Throbs

Belmont's new bridge across the Genesee River has been held up by the finding of quicksand in the foundation area and by high water.

Little Genesee has the biggest deer story yet. Henry Slade tells of counting 35 on the Lewis and Stone farms west of the Shawmut tracks. It is thought they strayed across the state line from Pennsylvania.

Bolivar restaurants, back in 1895, were being plentifully supplied with wild partridges brought in by farmer boys who were usually paid 70 cents per pair.

Little Genesee boasts a poinsettia plant ten years old in the home of Mr. and Mrs. John D. Bell. It is six feet high and had six blossoms at Christmas time, one measuring 12 inches across. The plant thrives outdoors or in.

Bolivar is to have a new street lighting system on Main street which will do away with its unsightly poles on that principal thoroughfare.

Hinsdale, Cattaraugus county, is to have a water system and give up dependence upon private wells and springs.

Whitesville and Genesee, Pa., are all 'hot up' over basketball with teams from each place having won one game. The rubber is in prospect.

Alfred's town board expects to pay off the last bit of indebtedness in 1934.

Friendship saw Mrs. Amy Burdick, long-time Alfred resident, now 87 years old, cook a dinner all herself and serve five guests, Jan. 2nd.

Belfast is pleased over the improvement in the health of Attorney Edward Rutherford, who, the still confined to his bed, has been able to see some friends and clients. Andover farmers were getting 60 cents per bushel for potatoes and \$10 per ton for hay at this date in 1934.

The Belfast Blaze estimates that nearly 100 Allegany county residents are wintering in Florida.

Allegany county farmers owning their lands in full have decreased in number 684 in ten years, says the United States census bureau.

Hume's Justice of the Peace, John Kopley, removed from office in June last by the Appellate Division of the Supreme Court, has again been elected to that office by the voters of that town who recorded their confidence by the largest vote given any candidate for that office. He is also Republican town committeeman, Red Cross chairman and a leading funeral director in that section.

Friendship's town board is handling welfare work itself without remuneration since the resignation of Miss Ina Britton, a paid worker.

Inavale Grange and Cuba Grange held a joint installation of officers at Inavale, Saturday evening, Cuba Grange installing staff doing the degree work.

Wirt boasted a big hog 40 years ago. Fred Carrier butchered one weighing 539 pounds and worth about \$32.

Fillmore reports injury to L. H. Jamieson by his Holstein bull which went mad in the pasture and attacked him, pitching him against a fence and knocking him down. His cries for help were heard by the hired man who drove off the animal. The bull was sold—for beef.

Cuba plans for an elaborate celebration of President Roosevelt's 52nd birthday January 30. Funds will be given to the Warm Springs Foundation for infantile paralysis. A presidential ball is to be given.

Angelica has a hotel. The American Hotel, with beer and liquor licenses, has been opened by DeForest F. Gibson.

Cuba is not trifling with drinking CWA workers. Eight were discharged for buying liquor and appearing in public intoxicated. They may not be restored to welfare lists, too.

Allegany county fair directors hold their annual meeting at Angelica, Jan. 22nd.

The world's population is about two billion.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

The honeymoon is over when she serves him hot tongue and cold shoulder.

Bad Habits

How silently they approach, how slyly they attach themselves, how tenaciously they cling and the first thing you know they assert themselves and demand control of this that or the other.

That is exactly the way our people established the present custom of buying a large portion of their food, ready to place on the table, and it has become an expensive, dangerous and indolent manner of feeding ourselves and our children. The increasing prevalence of cancer, appendicitis, colitis and many more obscure human ailments are directly traceable to our trying to exist on food of which very much is not fit for human consumption. Our pure food laws are more inadequate than those that apply to the collection of income taxes.

Every family may have a part in breaking up this very bad national habit by preparing all foods in your own household. Don't be a lot of guinea pigs—save health, save money, become happier and more contented and above all, feel that you are having part in a crusade against an evil that threatens the very existence of our entire nation.

Electric Mixers

Fascinating and efficient but the price is enough to wreck the budget of many cooks who would just love to own one.

If that is your condition your next best bet is a Taplin Beater, which has free wheeling, three speeds ahead, automatic gear shift, no vibration and the steering post is enameled a beautiful Cobalt Blue.

Made to sell at 75 cents, a special close out quantity purchase allows us to offer them at the attractive low price of 35 cents or three for one dollar.

For Your Bathroom

The Daily Mess

Do you dread its preparation? Does it tax your energy to think up dishes that will inspire the family appetite? Has the job lost its zest? If so you are trying to get along with tools that are out of harmony with the job.

May we suggest that you put new life into the family work shop with several pieces of 1934 Atlantic Enameled Ware, new in shapes and the color harmony is very pleasing, being the soft gray that will become so popular this year. This gray is flecked with a contrasting color and the edges tinted with jade.

Oh, you will like everything about it; the color, the shapes, the variety and the price. While Atlantic never puts their stamp on anything cheap, they do develop dependable quality at low price of which this line of cooking ware is an outstanding example.

Look it over. We are quite confident of your approval. Prices from 30c up.
