The White House of Health at Warm Springs

THE GIFT OF THE PEOPLE OF GEORGIA TO WARM SPRINGS

With its imposing white pillars reflecting the bright sunlight of a perfect day, Georgia Hall, one of the main units of the Warm Springs Foundation for Infantile Paralysis, reflects the cheerfulness always apparent at this great health-restoring center in Georgia. Recognizing the invaluable assistance which the Foundation has rendered to President. Roosevelt in his fight for health, a national committee of prominent leaders, headed by Colonel Henry L. Doherty, is staging on January 30, Mr. Roosevelt's fifty-second birthday, 5,000 Presidential Birthday Balls in honor of the Chief Executive and as a means of raising a permanent endowment fund for the Foundation to carry on and expand its work.
