The Rushford Free Methodist church will receive \$1,500 as a bequest of the late Flora H. Thomas of Rushford. The Gerry Orphanage at Chautauqua Lake was also left \$500 in her will. The home of Mr. and Mrs. Timothy Hyland of Angelica was damaged by fire Saturday morning, January 20th, to such an extent that all the furnishings had to be removed to a vacant building nearby. The neighbors on Rochambeau avenue gathered at the home of Mrs. Jett Blodgett Monday evening bringing tureens and gave her a birthday surprise supper. They passed a social evening and left a gift in remembrance of the day. At the regular meeting of O. E. S. Monday night, a short entertainment was given for the good of the order. Miss Minnie Clair gave a piano solo and an original reading was presented by Mrs. David Slocum which made the meeting more interesting. Light refreshments were served. Miss Jean Rogers entertained the junior girls Sunday School Class of the Presbyterian church at her home on Rochambeau avenue last Thursday evening. There were 13 girls present to enjoy the pleasant evening and dainty refreshments served. A \$10 counterfeit bill was presented at the Stephen Trust Co. in Hornell last week. It is a Federal reserve note. The serial number on the bill is R49403361A. Bogus bills of \$5 and \$10 have appeared of late in several cities and villages in Western New York and the authorities are making an investigation.

BAKERS' STORE NEWS

Women live longer than men—they're bound to have the last word.

Growing Days
You will soon be getting spring fever and long for the time when things start growing again. You have probably already said to yourself, I shall grow more of this and that next season, so why not complete your garden lay-out and arrange your order for seeds, right now, while stocks are complete and prices low. We order our bulk garden seeds a whole year ahead of delivery because in that way we get the pick of the crop and obtain the lowest prices any time during the twelve months: those who buy garden seeds in the season when needed get the odds and ends and those of a quality not good enough to fill the orders of contract buyers. We have sold Leonard's bulk garden seeds for many years, they are dependable growers and all the time experimenting to improve varieties. Being leaders in this endeavor, their customers are always sure of the very latest and best productions. No matter where you have been buying garden seeds you have not had the best in all lines unless you have planted some things from Leonard's. Our seeds are already in stock, bought at prices that average thirty percent below today's current quotations. You may supply your needs with highest quality product at no more than you will pay elsewhere for common market grades. Get a copy of Leonard's Garden Book. Make your selections and grow a garden that will give you complete satisfaction and be the envy of those unfortunate neighbors who did not look ahead and take advantage of this offer.

Smelly
Pretty mild expression for the odor that boils up from a neglected kitchen sink or slop hopper. Don't let them get that way. Use Trapene—it cuts and dissolves all the grease and slime from waste pipes so that they look clean, smell clean and leave no sediment to collect in traps and make trouble. Large economy can 25c. Use a little often.

Listen Man
Here is the answer to the high cost of keeping yourself and family Dry Shod. Keep your eye on the soles, at the first sight of thin spots or breaks coat the weak point with a liberal shot of So Lo: Out of the tube it spreads like butter but when exposed over night is as tough as gutta-percha, it seals the worn spot, is waterproof, non slipping and wears longer than the original sole. Get a tube and a booklet that will suggest the many uses for So Lo. A large tube is only a quarter, you can patch a good sized break for one cent.

Tight Roofs
Snug sidings, dry floors, keep moisture out of your buildings; time and weather are hammering away, watch for wet spots, they mean a leak and a place for decay. A pail of Trinidad Asphalt Cement is like the stitch in time. Keep it handy, use it at the first appearance; it will pay large returns in material, comfort and the saving of property.

Water Works
Running water needs some attention but if you must depend upon a pump now is the right time to be sure it is in good order and will give no trouble during the busy days of spring. We furnish complete treatment for Pumps that are sick or out of order. Valves, Sucker Rod, or complete Cylinders. Small breaks soon mended.

Motor Shows
The cities of Western New York are having their annual exhibitions of what's new in automobiles, very beautiful cars, many new features; but none of them are recommended to operate without a plentiful supply of oil in the crank case. Tided will do a good job of lubrication in all cars, new or old, it is full bodied, made by a firm who know the oil game and give classy service. Two gallon sealed cans \$1.00. From the wise Dr. Oliver Wendall Holmes: "I firmly believe that if the whole materia medica could be sunk to the bottom of the sea it would be better for mankind."

A Big Bargain
We call your attention to the big magazine combination with a subscription to the Andover News advertised this week. Many have already taken advantage of our offer of four magazines and the News, a year for \$2.50. You can't afford to pass it by, as it will probably not be offered our readers long.

4-H Council Meeting
A county-wide meeting of the 4-H Club council will be held Friday evening next at the Friendship High School building. At this meeting four gold pin awards will be presented to members. Anna Witter, Cuba, is to receive the Kerr Glass Co., award for canning activity; Alice Rees, Fillmore, the style dress review prize from the Chicago Mail Order Co.; Fred Carnes, Alfred Station, the Wilson meat animal award and William Lowery, Fillmore, as first in the state poultry judging contest of the American Poultry Association. Checks from the state Holstein-Friesian Association will be distributed to individual winners.

Injured in Auto Accident
Andover friends and relatives were grieved to learn of the serious accident near Buffalo Friday in which Miss Martha Hazzard of Wellsville and Alton Scribner of Whitesville were seriously injured. They were motoring to the city when a car driven by a 16-year-old lad dashed from a side road into their car. Miss Hazzard, a teacher in the Belmont school, was severely injured, remaining in an unconscious condition for hours. Her head was badly cut. Mr. Scribner suffered cuts and bruises. They were taken to Mount Mercy hospital and were brought to Wellsville Monday night. The car was a total wreck. Friendship has a new undertaking firm, Colyn M. Allen of Franklinville, now in that business there, a former Friendship boy, and E. E. Brundage, Buffalo, resident manager. Friendship Boy Scouts continue to make wonderful records. The troop there heads Seneca Council, coming thru the year with a rating of 100 for meetings, attendance, advance and hikes. The nearest competing troop was No. 18 of Salamanca, awarded 11 of a possible 12 gold seals.

The Red & White Store wishes to thank the people of this community for their loyal support in the past, especially during the late depression. Having assumed an active interest in the Red & White Store, I have pledged myself to give service in keeping with Red & White quality. MRS. ROXIE SHAFF
